Parry (bart.),1900 *Style in Musical Art* Charles Hubert Hastings Parry,2016-06-27 Excerpt from *Style in Musical Art An Inaugural Lecture Delivered at Oxford on March 7 1900* Sense be a gauge of him Just as a great naturalist has been said to be able to reconstruct some unknown animal from a single bone men say you can tell a man s nature by the shape of his nose or his hand or the expression of his mouth by his walk by the tone of his voice Everything may serve the quick witted as a basis of inference though all may not be equally trust worthy Style is mainly an external attribute a means to an end and in no wise comparable to actual qualities of character or action in man or the thought embodied in what is said in poetry or the idea embodied in art But it is an essential It is present in everything which has real vitality and in every moment of art s existence And as it is infinitely variable in relation to the conditions in which artistic work is presented it serves as a very comprehensive means of inferring the genuineness either of man or of artistic work About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst
