Year and secured multiple sponsors due to my success My personal profile showed I had earned in excess of 3 million dollars in that short space of time EVERYONE wanted to know what I had done to turn my game around How could I possibly have improved so much The answers are disclosed in this book I am passionate about sharing my story and the Mind Game techniques I applied to intentionally create my success These techniques can help any golfer at any level Importantly the information I share can be applied to any sport business personal development program and other life challenges This book discloses my secrets and I am confident that your next game of golf your next day in business or your next life challenge will produce a more positive and satisfying outcome as a result No technical swing changes no study just an enlightening read
