**Twelve Biblical Steps to a Successful Marriage** David S. Thompson,2009-06 Marriage is one of the most satisfying and yet one of the most difficult relationships on earth God places a great importance on this relationship and gives very clear principles on how it is to be lived out in the daily life using the Word of God In Twelve Biblical Steps these Biblical principles will be carefully analyzed and clearly explained so that every Christian couple can grasp their significance and begin to carry them out in their marriages Some of these Biblical principles that are covered in this book are as follows Follow the instructions Building a spiritual network Becoming friends not just roommates Avoiding the triple threats Fight to unite not divide This book is not intended to cover all the challenges that married couples face It is not an in depth analysis of relationship issues It is not expected to answer all of the questions that couples may have as they learn to build a new home and a new family However it is a book that seeks to dig into God s Word and apply His truth to the marriage relationship The hope of this author is that the chapters that follow in this book will enable the husband and the wife to develop a marriage that is a success and so become examples for a new generation to follow Dr David S Thompson has pastored churches in Queens New York and in the Cayman Islands and in upstate New York He and his wife Judith have been married over 33 years and have raised five children He currently is the Professor of Bible and Missions at Trinity Baptist College

The Business of a Successful Marriage: Treating Your Marriage Like a Business Sheila D. Green,2019-12-25 Individuals

who have owned a business or worked in the business world understand what it takes to create success There are certain principles and steps that are required to ensure that the business is successful and thriving Many individuals are taking critical steps that they know will help make their business successful The same holds true for marriages We need to start thinking about our marriage like a business The same things that we think about for a thriving business we need to think about for our marriages In most business situations individuals are thinking about success and the belief that success can be achieved They picture their business as a success and do whatever it takes to ensure its success There are so many marriages that are struggling and many end up broken or in divorce One of the reasons why marriages are not successful is that we do not put the same time and effort into the marriage that we put into our business or our work We know what it takes to make sure our business is a success and we take the necessary steps for that success Many married couples fail to do the same thing for their marriages We don't treat our marriage in a way that will ensure success In business we make sure we put in the necessary time and energy In many marriages we don't invest the time In business we implement strategies to ensure financial success In marriage we don't pay close attention to money In business we make sure we have a business plan We tend not to have a business plan for our marriages In business we ensure that the employees take time off to recharge In marriages we typically do not take needed vacations and spend quality time together I think you get the point We must start thinking about marriage as a business and only then can we expect the rewards just as we are rewarded handsomely by successfully managing a business This book will be your blueprint to using well known business practices and principles and applying them to your marriage By following these practices you will be well on your way to a successful thriving marriage *The Family*, 1930 **Primitive Monitor and Church Advocate**, 1907 *Always&Forever, Love* Otis G. Sanders, 2011-08-22 *Forecast*, 1924 *A Successful Marriage* Zacharias Tane Fomum, 2015-04-15 This book is the fifth in the series *God sex and you* From an impeccable knowledge understanding and mastery of the Scriptures the author Professor Z T Fomum argues convincingly that as the king of the household the prophet and the priest of his wife a man is solely responsible for the success of the marriage according to God's bidding The need arises for the husband to put his self under control to love his wife as Christ loved the Church to have a supreme goal and to pray and fast for her Every man is to love his wife using God's evaluation system in the Bible Many marriages fail because the partners are using personal traditional customary or modern evaluation systems This book can make you wise onto salvaging and saving your marriage for those who are married and providing a solid foundation for those who will marry one day **Seven Steps to a Successful Marriage** Raul Ries, 2008 Today's society mocks marriage giving a false impression that marriage can only bring dissatisfaction Many Christians have succumbed to the teaching of the world resulting in a higher divorce rate among Christians than secular society However God designed marriage to be the completion of a man and woman and by following God's design marriage can be joyful satisfying and lasting In this book Raul Ries gives seven biblical steps that both the man

and women need to take in order to have this satisfying marriage relationship
