City of All Seasons Oliver K. Langmead, Aliya Whiteley, 2025-04-29 A vibrant and emotional science fantasy about cousins trapped in mirrored worlds the resplendent and verdant summer city and the ice carved wastes of the winter city For fans of *Every Heart a Doorway* and *This is How You Lose the Time War* A beautifully strange and unique fable The Guardian's Best SF of 2024 on Aliya Whiteley A unique and memorable work The Guardian's Best SF of 2024 on Oliver K Langmead An elegantly told meditation on how we can't leave ourselves behind Esquire's 30 best SF Books of 2024 on Oliver K Langmead Welcome to Jamie Pike's Fairharbour a city stuck in perpetual winter its windows and doorways bricked shut to keep out the freezing cold its residents striving to survive in the arctic conditions Welcome to Esther Pike's Fairharbour a city stuck in constant summer its walls crumbling in the heat its oppressive sunlight a relentless presence Winter and Summer alike have both fallen under the yoke of oppressive powers that have taken control after the cataclysm But both Fairharbours were once a single united city And in certain places at certain times one side can catch a glimpse of the other As Jamie and Esther find a way to communicate across the divide they set out to solve the mystery of what split their city in two and what if anything might repair their fractured worlds

Culture and the City Deborah Stevenson, Amie Matthews, 2013-09-13 This edited collection will examine the way in which cities are imagined experienced and shaped by those who reside within them those who manage or govern them and those who as visitor tourist or traveller pass through them Attention will be paid to the influence that these various inhabitants have on city life and living and the dialectic that exists between their sometimes collective and sometimes divergent perceptions and uses of city space In conjunction with this the collection will explore the ways in which local culture and cultural policy are used by public and private interests as the framework for changing the image and amenity of the city in order to raise its profile and attract tourists The book contributes to discussions of the increasingly high profile place that cultural programs have in urban regeneration initiatives and explore the tensions conflicts and negotiations that emerge in urban spaces as a result of policy and culture coming together Papers will be sought from researchers around the world with a view to examining the nexus between tourism leisure and cultural programming from a number of perspectives and with reference to a range of international case studies This book was published as a special issue of the *Journal of Policy Research in Tourism Leisure and Events*
