Spending Time With John Lennon & Yoko Ono Jonathan Cott,2013-07-16 Offering new insight into Lennon and Ono as individuals artists and lovers Days That I ll Remember is a gifted music journalist s memoir of a seismic time in music politics and culture and one of the most incisive and affectionate portraits ever written about this world altering couple In this rich account of their relationship Cott tells his own story alongside his many interviews with the couple While most originally appeared in Rolling Stone they usually did so in shortened form the full length versions here contain previously unpublished and often revealing material Also featured is a recent Cott interview with Yoko Ono as well as images from her private archive Jonathan Cott s relationship with two of the most iconic figures of our time began in 1968 when as London correspondent for the fledgling Rolling Stone he went to interview John Lennon and Yoko Ono in their London flat A friendship was born that lasted for the rest of Lennon s life and still continues today between Cott and Yoko Ono It was Jonathan Cott who interviewed the couple about their Double Fantasy album on December 5 1980 in their apartment at the Dakota in New York It would be Lennon s last major interview The Long and Winding Road Vince Tracy,2013-06-06 There must have been a time when you just could not get a certain song out of your head Perhaps it was the last sound played at the disco or perhaps theres a certain riff in a song that haunts you Perhaps its one of those songs which have a special meaning for you or a special person in your life Whatever the reason we all have had musical influences throughout our life and some we have deliberately chosen whilst others have crept in because we watch television and listen to the radio We also have been subjected to other musical influences from shops restaurants churches dance halls and anyone whistling or singing near us Why was it almost impossible to remember Shakespeares quotations when I tried to learn them for school yet I can remember words to songs without even trying to memorise them As someone who has made a living from playing music for others to listen to it has interested me greatly to find out whether any of the records which have made the popular music

charts has had a greater influence on me than I have realized I will also try to remember the words to the songs I heard in my younger years without using either reference books or a safety net I will also attempt to put the music in some kind of time frame looking at what else was happening aside from the music I will also identify how my own appreciation of music has evolved and that charts become less important with age This will be the basis of a large part of my book I will also try to show that I have had to show a good amount of true grit and determination in order to eventually find the job I had always wanted from my childhood days of listening to Radio Luxembourg and Radio Caroline Moreover it takes a lifetime to really see your priorities Join me now in my musical voyage of discovery
