

Alison Butler and Eric Mathieu

The Syntax and Semantics of Split Constructions

A Comparative Study

Syntax And Semantics Of Split Constructions A Comparative Study

George Melville Bolling, Bernard Bloch

Syntax And Semantics Of Split Constructions A Comparative Study:

The Syntax and Semantics of Split Constructions Alastair Butler, Eric Mathieu, 2004-09-04 Split constructions are widespread in natural languages The separation of the semantic restriction of a quantifier from that quantifier is a typical example of such a construction This study addresses the problem that such discontinuous strings exhibit namely a number of locality constraints including intervention effects These are shown to follow from the interaction of a minimalist syntax with a semantics that directly assigns a model theoretic interpretation to syntactic logical forms The approach is shown to have wide empirical coverage and a conceptual simplicity The book will be of interest to scholars and advanced students of syntax and semantics

The Syntax and Semantics of Split Constructions A. Butler, E. Mathieu, 2004-04-07 Split constructions are very widespread in natural languages The separation of the semantic restriction of a quantifier from that quantifier is a typical example of such a construction This study addresses the problem that such discontinuous strings exhibit a number of locality constraints including intervention effects These are shown to follow from the interaction of a minimalist syntax with a semantics that directly assigns a model theoretic interpretation to syntactic logical forms The approach is shown to have wide empirical coverage and a conceptual simplicity The book will be of interest to scholars and advanced students of syntax and semantics

Grammaticalization and Parametric Variation Montse Batllori, 2005-08-11 In this outstanding collection of new work the methods and theories of formal syntax are focussed on grammatical variation and change The editors open the volume with an extensive and accessible introduction to the ideas and techniques deployed in the book and the phenomena and issues on which they are brought to bear Seventeen chapters follow divided into two parts the first concerned with grammaticalization and the second with parametric variation These show what the application of contemporary theories of syntax and language variation can reveal about syntactic change and variation and the processes of parametric change which lie behind them They also demonstrate the value of testing and constructing synchronic theories on the basis of historical data The analyses range over many languages and language families including Germanic Romance Greek and Chinese This book will interest scholars and students of grammatical change and theory at graduate level and above

Encyclopedia of Language and Linguistics, 2005-11-24 The first edition of ELL 1993 Ron Asher Editor was hailed as the field's standard reference work for a generation Now the all new second edition matches ELL's comprehensiveness and high quality expanded for a new generation while being the first encyclopedia to really exploit the multimedia potential of linguistics The most authoritative up to date comprehensive and international reference source in its field An entirely new work with new editors new authors new topics and newly commissioned articles with a handful of classic articles The first Encyclopedia to exploit the multimedia potential of linguistics through the online edition Ground breaking and International in scope and approach Alphabetically arranged with extensive cross referencing Available in print and online priced separately The online version will include updates as subjects develop ELL2 includes c 7 500 000 words c 11 000 pages c 3

000 articles c 1 500 figures 130 halftones and 150 colour Supplementary audio video and text files online c 3 500 glossary definitions c 39 000 references Extensive list of commonly used abbreviations List of languages of the world including information on no of speakers language family etc Approximately 700 biographical entries now includes contemporary linguists 200 language maps in print and online Also available online via ScienceDirect featuring extensive browsing searching and internal cross referencing between articles in the work plus dynamic linking to journal articles and abstract databases making navigation flexible and easy For more information pricing options and availability visit www.infosciencedirect.com The first Encyclopedia to exploit the multimedia potential of linguistics Ground breaking in scope wider than any predecessor An invaluable resource for researchers academics students and professionals in the fields of linguistics anthropology education psychology language acquisition language pathology cognitive science sociology the law the media medicine computer science The most authoritative up to date comprehensive and international reference source in its field

MIT Working Papers in Linguistics ,2005 *Oxford Handbook of Japanese Linguistics* Shigeru Miyagawa,Mamoru Saito,2008-11-03 The Oxford Handbook of Japanese Linguistics takes up topics in syntax morphology acquisition processing phonology or information structure and information structure This book will be useful to students and scholars of linguistics who want to see the latest studies on one of the most extensively studied languages within generative grammar **National Directory of Scholars** ,2007 **Linguistics and Language Behavior Abstracts** ,2009 **Bibliographic Index** ,2006

Language George Melville Bolling,Bernard Bloch,2010 *American Book Publishing Record* ,2005 Contemporary Linguistic Parameters Antonio Fabregas,Jaume Mateu,Michael Putnam,2015-11-19 Parameters have lain at the core of linguistic research in the generative tradition for decades The theoretical questions they have raised are deep and broad this reference text investigates how contemporary linguistics has best tried to answer them This book looks at how parameters might be properly defined and what their locus might be lexical information functional heads the computational system the phonological branch of the grammar What kind of data forms trigger acquisition of a parameter Are parameters necessary or can we study languages without making reference to them The questions looked at are not just theoretical how can a theory of parameters be used to help understand second language acquisition and what contributions can it make to the study of language typology This is the right time to gather all this information dispersed in many different kinds of publications by single authors and groups into one comprehensive volume *Japanese Language and Literature* ,2005 *Book Review Index* ,2006 Every 3rd issue is a quarterly cumulation Syntactic Discontinuity and Predicate Formation Dorothee A. Beermann,1997 **Proceedings from Semantics and Linguistic Theory XIV** Robert B. Young,2004 □□□□ ,2009 *Annual Workshop on Formal Approaches to Slavic Linguistics* ,2006 **Language and Language Behavior Abstracts** ,1980 *Proceedings from Semantics and Linguistic Theory* ,2003

Syntax And Semantics Of Split Constructions A Comparative Study Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Syntax And Semantics Of Split Constructions A Comparative Study PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization

of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Syntax And Semantics Of Split Constructions A Comparative Study PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Syntax And Semantics Of Split Constructions A Comparative Study free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
