

The First Peacetime Draft

Theodore A. Wilson

The First Peacetime Draft:

The First Peacetime Draft John Garry Clifford, 1986 Using the Selective Service Act of 1940 as a focus to illuminate the evolution of American policy and attitudes toward the Second World War The First Peacetime Draft unites exhaustive research with crisp narrative and trenchant analysis It is a first rate work Arthur Schlesinger Jr author of The Age of Roosevelt and The Imperial Presidency

Those Angry Days Lynne Olson, 2014-01-14 NEW YORK TIMES BESTSELLER NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND KIRKUS REVIEWS From the acclaimed author of Citizens of London comes the definitive account of the debate over American intervention in World War II a bitter sometimes violent clash of personalities and ideas that divided the nation and ultimately determined the fate of the free world At the center of this controversy stood the two most famous men in America President Franklin D Roosevelt who championed the interventionist cause and aviator Charles Lindbergh who as unofficial leader and spokesman for America's isolationists emerged as the president's most formidable adversary Their contest of wills personified the divisions within the country at large and Lynne Olson makes masterly use of their dramatic personal stories to create a poignant and riveting narrative While FDR buffeted by political pressures on all sides struggled to marshal public support for aid to Winston Churchill's Britain Lindbergh saw his heroic reputation besmirched and his marriage thrown into turmoil by allegations that he was a Nazi sympathizer Spanning the years 1939 to 1941 Those Angry Days vividly re-creates the rancorous internal squabbles that gripped the United States in the period leading up to Pearl Harbor After Germany vanquished most of Europe America found itself torn between its traditional isolationism and the urgent need to come to the aid of Britain the only country still battling Hitler The conflict over intervention was as FDR noted a dirty fight rife with chicanery and intrigue and Those Angry Days recounts every bruising detail In Washington a group of high ranking military officers including the Air Force chief of staff worked to sabotage FDR's pro British policies Roosevelt meanwhile authorized FBI wiretaps of Lindbergh and other opponents of intervention At the same time a covert British operation approved by the president spied on antiwar groups dug up dirt on congressional isolationists and planted propaganda in U S newspapers The stakes could not have been higher The combatants were larger than life With the immediacy of a great novel Those Angry Days brilliantly recalls a time fraught with danger when the future of democracy and America's role in the world hung in the balance Praise for Those Angry Days Powerfully re-creates this tenebrous era Olson captures in spellbinding detail the key figures in the battle between the Roosevelt administration and the isolationist movement The New York Times Book Review Popular history at its most riveting In Those Angry Days journalist turned historian Lynne Olson captures the period in a fast moving highly readable narrative punctuated by high drama Associated Press

Landmark Debates in Congress Stephen W. Stathis, 2008-10-22 Expert presentation and analysis of more than 50 pivotal historical debates from the Declaration of Independence to authorizing war with Iraq If taxation is a badge of freedom let me assure my friend that the poor people of

this country are covered all over with the insignia of freemen Rep William Jennings Bryan 1894 A fascinating look at history in the making and an eye opening presentation of some remarkably colorful rhetoric Landmark Debates in Congress is a one volume resource to more than 50 pivotal congressional debates From colonial independence and individual rights to slavery territorial expansion and presidential powers debates include the Bill of Rights 1789 the Revenue Act of 1894 the origin of the income tax FDR s court packing plan 1937 Medicare and Medicaid 1965 Richard Nixon s 1974 impeachment and the Iraq War resolution 2002

Mobilizing America Keith E. Eiler, 1997 In this comprehensive study Keith E Eiler documents Judge Patterson s extraordinary and largely unrecognized contributions to the defense and war efforts He also offers a provocative count of the manner in which the national government managed to transform itself for war and convert a vast market oriented economy into an effective war machine At the same time the author sheds revealing new light on numerous issues of war policy and on the evolution of civil military relations during the emergency

1940 Susan Dunn, 2013-06-04 A history of the 1940 U S presidential election when bitterly divided Americans debated the fate of the nation and the world In 1940 against the explosive backdrop of the Nazi onslaught in Europe two farsighted candidates for the U S presidency Democrat Franklin D Roosevelt running for an unprecedented third term and talented Republican businessman Wendell Willkie found themselves on the defensive against American isolationists and their charismatic spokesman Charles Lindbergh who called for surrender to Hitler s demands In this dramatic account of that turbulent and consequential election historian Susan Dunn brings to life the debates the high powered players and the dawning awareness of the Nazi threat as the presidential candidates engaged in their own battle for supremacy 1940 not only explores the contest between FDR and Willkie but also examines the key preparations for war that went forward even in the midst of that divisive election season The book tells an inspiring story of the triumph of American democracy in a world reeling from fascist barbarism and it offers a compelling alternative scenario to today s hyperpartisan political arena where common ground seems unattainable Anyone today who believes that U S involvement and the ultimate Allied triumph in World War II was inevitable must read this important history Michael Beschloss New York Times bestselling author of Presidential Courage Susan Dunn a prolific and outstanding historian has crafted a fast paced serious and extraordinarily well researched book about the events surrounding the pivotal 1940 election Her main characters come brilliantly to life I could hardly put the book down James T Patterson author of Bancroft Prize winning Grand Expectations The United States 1945 1974

Historical Dictionary of the 1940s James Gilbert Ryan, Leonard C Schlup, 2015-03-26 The only available historical dictionary devoted exclusively to the 1940s this book offers readers a ready reference portrait of one of the twentieth century s most tumultuous decades In nearly 600 concise entries the volume quickly defines a historical figure institution or event and then points readers to three sources that treat the subject in depth In selecting topics for inclusion the editors and authors offer a representative slice of life as contemporaneous Americans saw it with coverage of people movements court cases and economic social cultural political

military and technological changes The book focuses chiefly on the United States but places American lives and events firmly within a global context

The Draft, 1940-1973 George Q. Flynn, 1993 Individual liberty is ingrained in American culture Yet in contrast to this cherished ideal American men were inducted into military service under a system that flourished for more than twenty years before its rationalization was seriously questioned by more than a small minority of citizens Analyzing this paradox George Flynn provides the first comprehensive look at an institution that managed to sustain political and public favor through two wars before dying out under a barrage of protests during a third Placing the American draft within a historical context he shows how social and political considerations determined the character of conscription in the United States The draft developed as it did he argues not mainly because of military needs or strategy but because of political decisions initiated by civilians with nonmilitary agendas Explaining why the draft remained relatively immune to political criticism prior to the Vietnam conflict Flynn chronicles the draft's military and strategic successes and failures in America's mid-century wars He shows how major institutions and lobbies representing science education and various professions and religions influenced it and how ultimately and ironically the selective character of the draft eventually made the system inequitable and helped cause its downfall

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Congressional Record United States. Congress, 1971 America's First Battles, 1776-1965 Charles E. Heller, William A. Stofft, 1986 This volume a collection of eleven original essays by many of the foremost U S military historians focuses on the transition of the Army from parade ground to battleground in each of nine wars the United States has fought Through careful analysis of organization training and tactical doctrine each essay seeks to explain the strengths and weaknesses evidenced by the outcome of the first significant engagement or campaign of the war The concluding essay sets out to synthesize the findings and to discover whether or not American first battles manifest a characteristic rhythm America's First Battles provides a novel and intellectually challenging view of how America has prepared for war and how operations and tactics have changed over time The thrust of the book the emphasis on operational history is at the forefront of scholarly activity in military history This book is part of the Modern War Studies series

The First Summit Theodore A. Wilson, 1991 In this revised edition of his classic study Theodore Wilson has expanded and updated the narrative Drawing upon a wealth of primary sources made available since the first edition he has added nearly forty percent new material He recaptures the drama and color of the shipboard discussions establishing the meeting at Argentia as a landmark in the history of war diplomacy

A History of National Service in America Peter Shapiro, 1994

Czepil V. Hershey, 1969 **Defense Manpower Planning** William Jesse Taylor, Eric Thorne Olson, Richard Allen Schrader, 1981

Pitirim A. Sorokin Barry V. Johnston, 1995 Pitirim A Sorokin 1889-1968 was one of the most original important and controversial figures in American sociology His spectacular rise from a peasant childhood in Czarist Russia to the Olympian heights of Harvard University provides an unlikely and fascinating lens for examining the history of an entire

discipline And as Barry Johnston shows his equally dramatic fall from favor and unexpected resurrection illuminate both Sorokin s life and the tempestuous world of academic politics An outspoken revolutionary and secretary to Alexander Kerensky Sorokin was imprisoned and ordered executed by Lenin then reprieved and exiled During the 1920s he flourished as a teacher and scholar at the University of Minnesota where he published several pioneering books on the Russian Revolution social mobility sociological theory and rural sociology Harvard president A Lawrence Lowell was so impressed that he recruited Sorokin to chair the university s first department of sociology From 1930 to 1944 the department prospered under Sorokin s leadership attracting an entire generation of young scholars who in their own right would have a profound impact on the discipline In this period Sorokin published several volumes of his magnum opus *Social and Cultural Dynamics* and became embroiled in a bitter battle with rival Talcott Parsons for control of the department Parsons ultimately deposed Sorokin and transformed sociology into the Department of Social Relations Sorokin nevertheless stayed on at Harvard where he established the Center for Creative Altruism but otherwise continued to work in relative obscurity Finally in 1963 after years in eclipse Sorokin was recognized for his accomplishments when he was elected president of the American Sociological Association During a long and distinguished career Sorokin amassed an amazingly diverse and substantial body of work much of which set the standard for the field At the same time he broke with the conventions of sociology frequently ridiculing and taunting his less adventurous colleagues For his heresy the flamboyant Sorokin was condemned and driven to the periphery of a profession anxious for legitimacy as a science As a result Sorokin s ideas have been consistently ignored and misunderstood for more than a quarter century Based on exhaustive research in Sorokin s papers and the Harvard archives as well as interviews with Sorokin s surviving family members former students and colleagues this biography restores Sorokin to his rightful place in the pantheon of American intellectuals

Words that Make America Great Jerome

Quarterly, inc,1982 Describes the history of Congress and how it works today

From Sea to Shining Sea Bernard A.

Weisberger,1981 A history of our country which may be used as a fullyear course Includes the Constitution and a list of

Presidents *The Nirex Collection: Diplomacy in revolution* ,1993 A ten volume 9 000 page account of 12 years of

happenings in Nicaragua coinciding with insurrection the revolutionary years 1978 1990 Its purpose is to furnish a

documental tool collection equivalent to attending a well equipped library or specialized documentation center Looking up

the different angles perspectives of this geo political phenomenon you may formulate your own analytical criteria on the

subject History is always relevant It is a condition of resurgence It possesses the virtue of experience It frees us from what

was because the past is revenant If it is not documented by our memory it turns against us drowns us Let us go over the past

to make it fertile O Gasset THE NIREX COLLECTION is the only compilation of documents with voices of all belligerent sides

of the conflict This is a profoundly objective panoramic encyclopedic documentary view of the process taken from books journals newspapers official releases private sources It contains information not currently found in the United States A complete library on Nicaragua A 2 000 00 worth of resources for 775 00 in numbers Its 45 lbs are worth its weight in resources A contribution to the academic community diplomatic world the government policy makers Arsenal of World War II Paul A. C. Koistinen,2004 Prolific munitions production keyed America s triumph in World War II but so did the complex economic controls needed to sustain that production Artillery tanks planes ships trucks and weaponry of every kind were constantly demanded by the military and readily supplied by American business While that relationship was remarkably successful in helping the U S win the war it also raised troubling issues about wartime economies that have never been fully resolved Paul Koistinen s fourth installment of a monumental five volume series on the political economy of American warfare focuses on the mobilization of national resources for a truly global war Koistinen comprehensively analyzes all relevant aspects of the World War II economy from 1940 through 1945 describing the nation s struggle to establish effective control over industrial supply and military demand and revealing the growing partnership between the corporate community and the armed services Koistinen traces the evolution of federal agencies mobilizing for war including the National Defense Advisory Commission the Office of Production Management and the Supply Priorities and Allocation Board and then focuses on the work of the War Production Board from 1942 1945 As the war progressed the WPB and related agencies oversaw the military s supply and procurement systems stabilized the economy while financing the war closely monitored labor relations and controlled the shipping and rationing of fuel and food In chronicling American mobilization Koistinen reveals how representatives of industry and the armed services expanded upon their growing prewar ties to shape policies for harnessing the economy and how federal agencies were subsequently riven with dissension as New Deal reformers and anti New Deal corporate elements battled for control over mobilization itself As the armed services emerged as the principal customers of a command economy the military industrial nexus consolidated its power and ultimately succeeded in bending the reformers to its will The product of exhaustive archival research Arsenal of World War II shows that mobilization meant more than simply harnessing the economy for war it also involved struggles for power and position among a great many interest groups and ideologies Nearly two decades in the making it provides an ambitious and enormously insightful overview of the emergence of the military industrial economy one that still resonates today as America continues to wage wars around the globe
