moonless night upon the sandy waste the sky a canopy of stars twinkling with super radiance through the frosty atmosphere the gently undulating ground like a billowy sea of silence and desolation with scarce a stain upon the smooth surface of the snow the mantle of night enveloping every landmark upon the horizon beyond the hills in folds of deep dark indigo levelling every chance hillock and clump of rough shrub or grass obliterating road and wayside ditch which in the broad light of day would have marred the perfect evenness of the wintry pall It was a bitterly cold night of mid March in that cruel winter of 1624 which lent so efficient a hand to the ghouls of war and of disease in taking toll of human lives Not a sound broke the

hushed majesty of this forgotten corner of God's earth save perhaps at intervals the distant melancholy call of the curlew or from time to time the sigh of a straying breeze which came lingering and plaintive from across the Zuyder Zee Then for awhile countless particles of snow fanned by unseen breaths would arise from their rest whirl and dance a mad fandango in the air gyrate and skip in a glistening whirlpool lit by mysterious rays of steel blue light and then sink back again like tired butterflies to sleep once more upon the illimitable bosom of the wild After which Silence and Lifelessness would resume their ghostlike sway To right and left and north and south not half a dozen leagues away humanity teemed and fought toiled and suffered unfurled the banner of Liberty laid down life and wealth in the cause of Freedom conquered and was down trodden and conquered again men died that their children might live women wept and lovers sighed But here beneath that canopy dotted with myriads of glittering worlds intransmutable and sempiternal the cries of battle and quarrels of men the wail of widows and the laughter of children appeared futile and remote But to an eye trained to the dreary monotony of winter upon the Veluwe there were a few faint indications of the tracks which here and there intersect the arid waste and link up the hamlets and cities which lie along its boundaries There were lines mere shadows upon the even sheet of snow and tiny white hillocks that suggested a bordering of rough scrub along the edges of the roads That same trained eye could then proceed to trace those shadowy lines along their erratic way twixt Amersfoort and the Neder Rhyn or else from Barneveld as far as Apeldoorn or yet again twixt Utrecht and Ede and thence as far as the Ijssel from the further shores of which the armies of the Archduchess under the command of Count Henri de Berg were even then threatening Gelderland It was upon this last scarcely visible track that a horse and rider came slowly ambling along in the small hours of the morning on this bitterly cold night in March The rider had much ado to keep a tight hold on the reins with one hand whilst striving to keep his mantle closely fastened round his shoulders with the other The horse only half trusting his master suspicious and with nerves a quiver ready to shy and swerve at every shadow that loomed out of the darkness or at every unexpected sound that disturbed the silence of the night would more than once have thrown his rider but for the latter's firm hand upon the curb The rider's keen eyes were searching the gloom around him From time to time a forcible ejaculation indicative of impatience or anxiety escaped his lips numb with cold and with unconsidered vehemence he would dig his spurs into his horse's flanks with the result that a fierce and prolonged struggle twixt man and beast would ensue and until the quivering animal was brought back to comparative quietude again much time was spent in curses and recriminations Anon the rider pulled up sharply at the top of the rising ground looked round and about him muttered a few more emphatic *Dondersteens* and *verdommts* **THE LAUGHING CAVALIER (& Its Sequel The First Sir Percy)** Emma Orczy, 2018-11-02 The First Sir Percy is a sequel to The Laughing Cavalier occurring a few months after the events in the first book It is March 1624 in Holland Two months earlier a mercenary who calls himself Diogenes foiled the plot on the life of the Stadtholder Prince of Orange Now he has finally met his real father an English nobleman and realized his true identity as Sir Percy Blake of Blakeney heir to a large estate in

Sussex The Laughing Cavalier revolves around Percy Blake a foreign adventurer and ancestor of the famous Scarlet Pimpernel In March 1623 the Dutch nobleman Willem Lord of Stoutenburg is on the run His father the statesman Johan was falsely accused of treason and sent to the gallows by the Stadtholder Prince of Orange Willem s brother Reinier has since been arrested and executed for plotting to kill the Prince Stoutenburg is now a fugitive and determined to get his revenge
