**The Lady of the Heavens** Henry Rider Haggard,1908      **Immortality and the Unseen World** William Oscar Emil Oesterley,1921 What does the Bible say about immortality and the afterlife In this study we discover the origins and development of religious beliefs in life after death and the existence of beings from realms beyond In mounting this comprehensive and scholarly study of the Old Testament W O E Oesterley examines a variety of pertinent passages from the Biblical lore By the time the Bible was written demons and their ilk were already an established presence in ancient belief systems Ancient Judaism included a variety of new demons together with details on their habitat behaviors and interaction with humans living on Earth With demons synonymous with evil angels were synonymous with good enacting God s will that humans spend their mortality in virtue What happens to humans after death has for millennia been an important spiritual question The Bible contains a series of details on the traversal and immortality of the deceased s souls In the ancient times

ancestor worship was common and these cults of the dead are acknowledged in the Old Testament To compliment his narrative the author also provides supplementary historical details of mourning and funerary customs with a series of rituals said to ensure the soul s safe transit to the immortal realm

**Margaret Laurence Writes Africa and Canada** Laura K. Davis,2017-05-18 Margaret Laurence Writes Africa and Canada is the first book to examine how Laurence addresses decolonization and nation building in 1950s Somalia and Ghana and 1960s and 1970s English Canada Focusing on Laurence s published works as well as her unpublished letters not yet discussed by critics the book articulates how Laurence and her characters are poised between African colonies of occupation during decolonization and the settler colony of English Canada during the implementation of Canadian multiculturalism Laurence s Canadian characters are often divided subjects who are not quite members of their ancestral imperial cultures yet also not truly native to their nation Margaret Laurence Writes Africa and Canada shows how Laurence and her characters negotiate complex tensions between self and nation and argues that Laurence s African and Canadian writing demonstrates a divided Canadian subject who holds significant implications for both the individual and the country of Canada Bringing together Laurence s writing about Africa and Canada Davis offers a unique contribution to the study of Canadian literature The book is an original interpretation of Laurence s work and reveals how she displaces the simple notion that Canada is a sum total of different cultures and conceives Canada as a mosaic that is in flux and constituted through continually changing social relations

The Chiga of Uganda May Mandelbaum Edel, The Chiga of Uganda provides a special insight into a culture at that time 1933 still intact under the British protectorate It is for the most part a picture of life as it was then still being lived Where significant changes were already taking place the various changes are discussed in the contexts in which they seemed relevant in social structure kinship marriage economics social control religion and education What makes this edition unique is the new segment on material culture This delves into Chiga patterns of food supply and preparation horticulture fire and heating water supplies cattle raising hunting fishing and problems related to shelter clothing and hygiene Two new special sections deal with tools and utensils and no less important the physical skills and motor habits of the people Edel s concrete yet wide ranging descriptions provide an irreplaceable insight into a people and a culture at a unique point in world and colonial history The new introduction written by Abraham Edel provides a special sort of insight drawing heavily upon the correspondence that May Edel wrote at the time The introduction shows how the clouds of war and Nazism in Europe at the time were already changing the character and context of anthropology no less than every other area of human endeavor A final new aspect of The Chiga Uganda is May Edel s last reflections focusing on African tribalism which turns out to be not all that different from ethnic and national rivalries in the Western world This book will be indispensable to anthropologists Africanists and historians
