Social Work Practice in Mental Health Robert Bland, Ann Tullgren, 2020-07-16 An invaluable resource for social workers in all practice settings not just mental health and a core text for social work students Dr Valerie Gerrand former AASW representative and board member of the Mental Health Council of Australia An outstanding and very original contribution to the scholarship on mental health policy research and service Associate Professor Maria Harries AM University of Western Australia Developing the skills to work effectively with people who have mental health problems is fundamental to contemporary social work practice Practitioners face new challenges in a rapidly changing work environment including working with consumers and their families and in multidisciplinary teams Now more than ever social workers need discipline specific mental health knowledge and training This second edition of *Social Work Practice in Mental Health* continues the guiding principles of the first edition an emphasis on the centrality of the lived experience of mental illness and the importance of embracing both scientific and relational dimensions of practice The new edition reflects the latest developments in best practice including the emergence of recovery theory and the importance of evidence based approaches This is a comprehensive guide to social work practice in specialist mental health settings as well as in other fields of practice covering the most commonly encountered mental health problems It features information on assessment case management family work and community work and reveals how the core concerns of social work human rights self determination and relationships with family and the wider community are also central to mental health practice

Redesigning the US Mental Health Care System Sydney S. Harris, Stephen M. Strakowski, 2024 What is commonly referred to in the U S as the mental health care system is not really a system at all While excellent programs exist in every state in every community across America the system is actually a set of fragmented services provided inequitably by a haphazard array of specialty providers often with inadequate resources and only tenuously connected to health care systems for other health needs Crisis is too often the first point of contact for people experiencing a mental illness while year over year increases in rates of anxiety depression traumatic stress and death from suicide and overdose have led many to characterize the current situation as a pandemic or epidemic of mental illness constituting a national emergency For youth and young adults in late 2021 this emergency was formally recognized by the U S Surgeon General in the first Advisory ever issued regarding the nation s mental health
