Slaves No More Ira Berlin, 1992-11-27 Three essays present an introduction and history of the emancipation of the slaves during the Civil War

Slaves No More Ira Berlin, Barbara J. Fields, Steven F. Miller, Joseph P. Reidy, Leslie S. Rowland, 2012-06-05 The three essays in this volume present an introduction to history of the emancipation of the slaves during the Civil War The first essay traces the destruction of slavery by discussing the shift from a war for the Union to a war against slavery The slaves are shown to have shaped the destiny of the nation through their determination to place their liberty on the wartime agenda The second essay examines the evolution of freedom in occupied areas of the lower and upper South The struggle of those freed to obtain economic independence in difficult wartime circumstances indicates conflicting conceptions of freedom among former slaves and slaveholders Northern soldiers and civilians The third essay demonstrates how the enlistment and military service of nearly 200 000 slaves hastened the transformation of the war into a struggle for universal liberty and how this experience shaped the lives of former slaves long after the war had ended

A Slave No More David W. Blight, 2007 Slave narratives some of the most powerful records of the past are extremely rare with only 55 post Civil War narratives surviving Now two newly uncovered narratives and the biographies of the men who wrote them join that exclusive group

No More! Doreen Rappaport, 2002 Combines first person historical accounts traditional black spirituals and passages about the daily lives of slaves to provide a chronicle of slavery in America

Slave No More Aline Helg, 2019-02-07 Commanding a vast historiography of slavery and emancipation Aline Helg reveals as never before how significant numbers of enslaved Africans across the entire Western Hemisphere managed to free themselves hundreds of years before the formation of white run abolitionist movements Her sweeping view of resistance and struggle covers more than three centuries from early colonization to the American and Haitian revolutions Spanish American independence and abolition in the British Caribbean Helg not only underscores the agency of those who managed to become free people of color before abolitionism took hold but also assesses in detail the specific strategies they created and utilized While recognizing the powerful forces supporting slavery Helg articulates four primary liberation strategies flight and marronage manumission by legal document military service for men in exchange for promised emancipation and revolt along with a willingness to exploit any weakness in the domination system Helg looks at such actions at both individual and community levels and in the context of national and international political movements Bringing together the broad currents of liberal abolitionism with an original analysis of forms of manumission and marronage **Slave No More** deepens our understanding of how enslaved men women and even children contributed to the slow demise of slavery

Slaves No More Bell Irvin Wiley, 1980 Between 1820 and 1861 more than 12 000 American blacks made the long voyage to Liberia Many were members of families that had been brought to America in the 1600s In the jungles of West Africa these new settlers battled virulent tropical diseases marauding wild beasts and fierce native tribesmen with only basic hand tools draft animals could hardly survive the climate they faced

the challenge of carving out fields from one of the world's densest forests. To former masters and to their own people the new Liberians wrote letters about physical deprivations often asking for help they also reported proudly on the political progress of their adopted country which became a republic in 1847. Despite the discouragement and disappointment reflected in many of the letters the settlers demonstrated a remarkable capacity to overcome the hostility of nature and to endure with courage and dignity. Bell I Wiley has collected and annotated 273 letters written from Liberia by former slaves. To read the letters is to reach a new understanding of the meaning of slavery and of freedom one senses the strength of the black family that distance did not splinter one wonders at the religious faith that endured through the unimagined hardships and disasters.

Missouri's Black Heritage Lorenzo Johnston Greene, Gary R. Kremer, Antonio Frederick Holland, 1993. Originally written in 1980 by the late Lorenzo J. Greene, Gary R. Kremer, and Antonio F. Holland, Missouri's Black Heritage remains the only book-length account of the rich and inspiring history of the state's African American population. It has now been revised and updated by Kremer and Holland incorporating the latest scholarship into its pages. This edition describes in detail the struggles faced by many courageous African Americans in their efforts to achieve full civil and political rights against the greatest of odds. Documenting the African American experience from the horrors of slavery through present-day victories, the book touches on the lives of people such as John Berry Meachum, a St. Louis slave who purchased his own freedom and then helped countless other slaves gain emancipation; Hiram Young, a Jackson County free black whose manufacturing of wagons for Santa Fe Trail travelers made him a legendary figure; James Milton Turner, who after rising from slavery to become one of the best educated blacks in Missouri worked with the Freedmen's Bureau and the State Department of Education to establish schools for blacks all over the state after the Civil War; and Annie Turnbo Malone, a St. Louis entrepreneur whose business skills made her one of the state's wealthiest African Americans in the early twentieth century. A personal reminiscence by the late Lorenzo J. Greene, a distinguished African American historian whom many regard as one of the fathers of black history, offers a unique view of Missouri's racial history and heritage. Because Missouri's Black Heritage Revised Edition places Missouri's experience in the larger context of the national experience, this book will be welcomed by all students and teachers of American history or black studies as well as by the general reader. It will also promote pride and a greater understanding among African Americans about their past and provide an increased appreciation of the contributions and hardships of blacks.

A decade before the American Civil War, James Churchwill Vaughan (1828-1893) set out to fulfill his formerly enslaved father's dying wish that he should leave America to start a new life in Africa. Over the next forty years, Vaughan was taken captive, fought in African wars, built and rebuilt a livelihood, and led a revolt against white racism, finally

becoming a successful merchant and the founder of a wealthy educated and politically active family Tracing Vaughan s journey from South Carolina to Liberia to several parts of Yorubaland present day southwestern Nigeria Lisa Lindsay documents this free man s struggle to find economic and political autonomy in an era when freedom was not clear and unhindered anywhere for people of African descent In a tour de force of historical investigation on two continents Lindsay tells a story of Vaughan s survival prosperity and activism against a seemingly endless series of obstacles By following Vaughan s transatlantic journeys and comparing his experiences to those of his parents contemporaries and descendants in Nigeria and South Carolina Lindsay reveals the expansive reach of slavery the ambiguities of freedom and the surprising ways that Africa rather than America offered new opportunities for people of African descent
