We the People. . .the Best of the Best Susan Freire-Korn,2009-12

We the People the Best of the Best is a book that will inspire you to take on life's challenges with determination and perseverance. It is an instrumental tool to provide information, advice, knowledge, and education to all of those who are seeking to reach their fullest potential in corporate America. Much of what is in the book cannot be found in textbooks but in the real-life day-to-day business of working in corporate America. You will discover what it takes to be successful. Susan Freire aspired to attain a leadership role so she could help others be successful. When she was promoted into a management position, she joined a staff association within her area of expertise. After several years of being an active participant and executive officer, she became President of the KPLA Northern California Kaiser Permanente Latino Association, a position she held for two years. Her involvement in this association exposed her to cultural diversity and the statistics of minorities in corporate America. This knowledge led her to research and learn more about the huge gap between the people who lack a formal education and the leadership at the top of corporate America.

Sun Safety Cordelia Sloane, AI, 2025-03-13 Sun Safety offers parents and caregivers a comprehensive guide to protecting children from the sun's harmful effects while ensuring healthy vitamin D levels. This book addresses the crucial balance between sun exposure and children's health, providing actionable strategies grounded in scientific evidence. Readers will learn about the different types of UV radiation and their impact on young skin, as well as the science behind vitamin D synthesis. By understanding these factors, parents can make informed decisions to minimize risks like sunburns and long-term skin damage. The book emphasizes a practical approach, debunking common myths about sunscreen and vitamin D. It progresses logically, starting with the basics of sunlight and its interaction with skin, then moves through vitamin D production, sun protection strategies, clothing, sunscreen timing, and long-term consequences of sun damage. Ultimately, Sun Safety empowers parents to incorporate sun-safe practices into daily routines and advocate for these practices in their communities, ensuring their children's health and fitness.
