Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1978 *Reel Women* Jane Sloan, 2007-03-26 In the last several decades the number of films featuring female protagonists has increased significantly. Many of these films reflect the vast cultural and sociological changes that have taken place since the early 1960s, highlighting not only a wide spectrum of female characters depicted onscreen but the creative work of women behind the camera as well. In *Reel Women: An International Directory of Contemporary Feature Films about Women*, media librarian Jane Sloan has assembled an impressive list of more than 2400 films from nearly 100 countries that feature female protagonists. Each entry includes a brief description of the film and cites key artistic personnel, particularly female directors, producers, and screenwriters involved in its production. *Reel Women* also contains a critical survey in which Sloan charts the changes women have undergone both on screen and off as moviemaking and audience sensibilities have evolved in the last forty-plus years. Listing many more films on the subject of women than can be found in any other source, this reference brings together important titles from area studies and genre markets along with titles associated with women's cinema and feminist film. In addition to title and actor indexes, the book contains a subject index that provides detailed access to place names, historical characters, time periods, and storylines, as well as the backgrounds—religious, racial, and ethnic—of the main characters. This directory is an ideal reference tool for researchers studying the evolution of female characters in films around the world, from Afghanistan to Zimbabwe. It is also a resource for casual viewers who are looking for films that reflect the diversity of women's roles that can be found in independent and national cinemas as well as commercial blockbusters.

Elsa, I Come with My Songs Elsa Gidlow, 1986 Elsa, the autobiography of a poet-warrior. Many know eighty-seven-year-old Elsa Gidlow as an honored feminist poet, a philosophical anarchist, and Taoist bon vivant. This is her radical and loving story: The triumph over long poverty, lack of education, and family tragedy; her joy as a word-weaver and as an irrepressible free spirit, free heart. Back cover.

Victorian Sappho Yopie Prins, 1999-03-08 What is Sappho except a name? Although the Greek archaic lyrics attributed to Sappho of Lesbos survive only in fragments, she has been invoked for many centuries as the original woman-poet singing at the origins of a Western lyric tradition. *Victorian Sappho* traces the emergence of this idealized feminine figure through reconstructions of the Sapphic fragments in late nineteenth-century England. Yopie Prins argues that the Victorian period is a critical turning point in the history of Sappho's reception: what we now call Sappho is in many ways an artifact of Victorian poetics. Prins reads the Sapphic fragments in Greek alongside various English translations and imitations, considering a wide range of Victorian poets, male and female, famous and forgotten, who signed their poetry in the name of Sappho. By declining the name in each chapter, the book presents a theoretical argument about the Sapphic signature as well as a historical account of its implications in Victorian England. Prins explores the relations between classical philology and Victorian poetics, the tropes of lesbian writing, the aesthetics of meter, and nineteenth-century personifications of the Poetess.

as current scholarship on Sappho and her afterlife Offering a history and theory of lyric as a gendered literary form the book is an exciting and original contribution to Victorian studies classical studies comparative literature and women s studies
