guitars and basses to bowed electric instruments His NS Design instruments once again set the industry standards Throughout his career Ned has also worked with other builders and manufacturers and created or contributed to countless projects ranging from electronic tuners and pickups to acoustic guitars and drum head tuners Truly anytime you see NS in a music store it stands for Ned Steinberger With all those accomplishments many say that Ned is an unlikely musical hero Therein lies the story He is not a musician He comes from the world of art and design rather than the world of music but his influence can be seen to this day and he holds a place of honor alongside other visionaries like Leo Fender Les Paul and Ted McCarty

American Piano Trios Arno Drucker,1999-04-15 The piano trio has been a favorite medium for composers since its inception with Franz Joseph Haydn s compositions for violin cello and piano There have been numerous compositions by many composers since that time and the piano trio continues to interest composers today In the United States composers began writing for this combination in the nineteenth century following European traditions In the twentieth century the number of composers and compositions has seen a phenomenal increase **American Piano Trios A Resource Guide** provides information about works for piano trios violin cello and piano by American composers including naturalized United States citizens The information includes a brief biographical sketch of each composer occasional comments by the composer and notable information that might lead to a further exploration of his or her work and possible performance Two appendixes provide contact information about active performers of piano trios and a list of classical music websites [Dictionary](#)
