The David Variations:

The David Variations Janellen,2004-07 There are thousands of people who have never had these experiences so I would like to reinforce the role that spirit plays in this world I was told those on earth are a bridge to other worlds I would like other people to realize how beautiful the spiritual can be We are never more than a breath away from spirituality Thus I wish to let others know how real the spirit world is and how hard spiritual beings attempt to help make our lives work with in the confines of the physical world It is difficult to share when there are so few who see but it is up to those of us who do see to be brave enough to bring these workings of the spirit world to the attention of those in the physical world I have ventured into unknown places where I have learned that my journey was the goal When we are all able to believe and see what it is that brings our choices to life we will expand our knowledge tenfold I will share the magnificence of the visionary life that lies behind the scenes as I discovered the special potential locked within The act of creating sculpture helped me to explore this in depth Whenever we expand our knowledge as human beings the road is never easy We are constantly challenged to question but when there is a truth revealed to us it is a gift and we share a responsibility to expose others that they too may keep a foot in each world These sixteen sculptures share knowledge both informative and inspirational including angels spirit guides devas and out of body experiences to name a few Never have such a variety of experiences from the spirit kingdom been seen under one cover It will spark your curiosity and amaze your heart Hopefully you will have an interest in viewing my work If so I will be happy to supply you with a copy *Interpretations of David W.
