The Bolshevik Poster Stephen White,1990-01-01 Origins Apsit and the early Soviet poster Moor Deni and the military political poster Bolshevik poster and after **The Bolshevik Poster** V. White,1990-01-01 Iconography of Power Victoria E. Bonnell,1997 This study of the Soviet political posters issued between 1918 and 1953 describes the archetypal images they featured such as the worker the peasant woman the enemy and the leader It analyzes these Bolshevik icons and explains how they defined the popular outlook in Soviet Russia Seeing red,2005 **The personality cult of Stalin in Soviet posters, 1929-1953** Anita Pisch,2016-12-16 From 1929 until 1953 Iosif Stalin s image became a central symbol in Soviet propaganda Touched up images of an omniscient Stalin appeared everywhere emblazoned across buildings and lining the streets carried in parades and woven into carpets and saturating the media of socialist realist painting statuary monumental architecture friezes banners and posters From the beginning of the Soviet regime posters were seen as a vitally important medium for communicating with the population of the vast territories of the USSR Stalin s image became a symbol of Bolshevik values and the personification of a revolutionary new type of society The persona created for Stalin in propaganda posters reflects how the state saw itself or at the very least how it wished to appear in the eyes of the people The Stalin who was celebrated in posters bore but scant resemblance to the man Iosif Vissarionovich Dzhugashvili whose humble origins criminal past penchant for violent solutions and unprepossessing appearance made him an unlikely recipient of uncritical charismatic adulation The Bolsheviks needed a wise nurturing and authoritative figure to embody their revolutionary vision and to legitimate their hold on power This leader would come to embody the sacred and archetypal qualities of the wise Teacher the Father of the nation the great Warrior and military strategist and the Saviour of first the Russian land and then the whole world This book is the first dedicated study on the marketing of Stalin in Soviet propaganda posters Drawing on the archives of libraries and museums throughout Russia hundreds of previously unpublished posters are examined with more than 130 reproduced in full colour The personality cult of Stalin in Soviet posters 1929 1953 is a unique and valuable contribution to the discourse in Stalinist studies across a number of disciplines Historical and Cultural Transformations of Russian Childhood Marina Balina,Larissa Rudova,Anastasia Kostetskaya,2022-11-30 Historical and Cultural Transformations of Russian Childhood is a collection of multidisciplinary scholarly essays on childhood experience The volume offers new critical approaches to Russian and Soviet childhood at the intersection of philosophy literary criticism film visual studies and history Pedagogical ideas and practices and the ideological and political underpinnings of the experience of growing up in pre revolutionary Russia the Soviet Union and Putin s contemporary Russia are central venues of analysis Toward the goal of constructing the multimedial childhood text the contributors tackle issues of happiness and trauma associated with childhood and foreground its fluidity and instability in the Russian context The volume further examines practices of reading childhood as nostalgic text documentary evidence and historic mythology Considering Russian childhood

as historical documentation or fictional narrative as an object of material culture and as embodied in different media periodicals visual culture and cinema the volume intends to both problematize but also elucidate the relationship between childhood history and various modes of narrativity
