## The Castle:

**The Castle** John Goodall,2022-03-22 A vibrant history of the castle in Britain from the early Middle Ages to the present day The castle has long had a pivotal place in British life associated with lordship landholding and military might and today it remains a powerful symbol of history But castles have never been merely impressive fortresses they were hubs of life activity and imagination John Goodall weaves together the history of the British castle across the span of a millennium from the eleventh to the twenty first century through the voices of those who witnessed it Drawing on chronicles poems letters and novels including the work of figures like Gawain Poet Walter Scott Evelyn Waugh and P G Wodehouse Goodall explores the importance of the castle in our culture and society From the medieval period to Civil War engagements right up to modern manifestations in Harry Potter Goodall reveals that the castle has always been put to different uses and to this day continues to serve as a source of inspiration *The Castle of Swansea* Willia Llewellyn Morgan,1914 [The Castle in England and Wales](#) D.J. Cathcart King,2019-06-26 Originally published in 1988 The Castles in England and Wales is a comprehensive treatment of the archaeology of the castles in England and Wales The books looks at how following the Norman Conquest one of the most characteristic structures of the English landscape the castle was used to control and survey the population In its simplest definition a castle is a fortified habitation however this book looks at the many uses of castles from their most primitive kind intended only for periodic use or as magnificent decoration such as Caernarvon and other Welsh castles of Edward I It is essential reading for all archaeologists and historians alike **The Castles and Abbeys of England ...
