

# PRINCIPLE OF DOUBLE EFFECT

 Catholic-Link

1 The act itself must be morally good or at least indifferent.

2

The agent may not positively will the bad effect but may permit it. If he could attain the good effect without the bad effect he should do so. **The bad effect is sometimes said to be indirectly voluntary.**

3

The good effect must flow from the action at least as immediately.

4

There must be a very serious reason that the evil effect is tolerated. **The good effect that is directly intended must be significantly more dire to attain than the bad effect that is accepted.** Again, we are assuming that there is no other way to achieve the gravely necessary good that is desired.
