to possess any interest for the Novel reader that interest perhaps will be but little derived from the customary elements of fiction The plot is extremely slight the incidents are few and with the exception of those which involve the fate of Vivian such as may be found in the records of ordinary life Regarded as a Novel this attempt is an experiment some what apart from the previous works of the author it is the first of his writings in which Humour has been employed less for the purpose of satire than in illustration of amiable characters it is the first too in which man has been viewed less in his active relations with the world than in his repose at his own hearth in a word the greater part of the canvass has been devoted to the completion of a simple family picture And thus in any appeal to the sympathies of the human heart the common household affections occupy the place of those livelier or larger passions which usually and not unjustly arrogate the foreground in Romantic composition About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
