Maoism on modern and contemporary art Featuring eighteen original essays written by established and emerging scholars
from around the world and illustrated with fascinating images not widely known in the west the volume demonstrates the
significance of visuality in understanding the protean nature of this powerful worldwide revolutionary movement
Contributions address regions as diverse as Singapore Madrid Lima and Maputo moving beyond stereotypes and
misconceptions of Mao Zedong Thought s influence on art to deliver a survey of the social and political contexts of this
international phenomenon At the same time the book attends to the similarities and differences between each case study
It demonstrates that the chameleonic appearances of global Maoism deserve a more prominent place in the art history of
