The Choosing People Voting Behavior In Israel:

The Choosing People Alan Arian,1973 **The Oxford Handbook of Israeli Politics and Society** Reuven Y.

Hazan,Alan Dowty,Menachem Hofnung,Gideon Rahat,2021 Few countries receive as much attention as Israel and are at the same time as misunderstood The Oxford Handbook of Israeli Politics and Society brings together leading Israeli and international figures to offer the most wide ranging treatment available of an intriguing country It serves as a comprehensive reference for the growing field of Israel studies and is also a significant resource for students and scholars of comparative politics recognizing that in many ways Israel is not unique but rather a test case of democracy in deeply divided societies and states engaged in intense conflict The handbook presents an overview of the historical development of Israeli democracy through chapters examining the country s history contemporary society political institutions international relations and most pressing political issues It outlines the most relevant developments over time while not shying away from the strife both in and around Israel It presents opposed narratives in full force enabling readers to make their own judgments *The*

Elections in Israel 1992 Asher Arian,Michal Shamir,2012-02-01 As the momentum toward peace in the Middle East surges and wanes the intensity of politics in Israel takes on added relevance There can be little doubt that the historic Israel PLO peace accord could not have occurred were it not for the turnabout elections of 1992 This volume the seventh in a series begun in 1969 carries on the tradition of offering in depth analyses of the major issues actors and parties involved in Israeli politics Leading social scientists from Israeli and North American universities and research institutes using different methods and coming from diverse intellectual traditions address questions such as whether the elections were a referendum on the return of the Territories what roles the PLO and the United States played in the election results how technological changes in political communications packaging of candidates and opinion polls affected the results what contributions such groups as women Arabs and members of various religions made to the change in government and whether the political reforms instituted before the elections resulted from changes in the mood of the electorate or brought about changes in Israel s policy Contributors to the volume include Majid Al Haj Gideon Doron Aaron Fein Hillel Frisch Tamar Hermann Hanna Herzog Barry Kay Jonathan Mendilow Barry Rubin Ron Shachar Gabriel Weimann Aaron Willis Gadi Wolfsfeld and Yael Yishai

Electoral Politics in the Middle East Jacob M. Landau,Ergun Özbudun,Frank Tachau,2015-07-24 Comparative political study of the Middle East got off to a late start Unlike any previous studies in comparative politics this book first published in 1980 represents an important methodological advance in that it proceeds by themes rather than by countries and uniquely focuses on three major aspects of electoral politics in three contemporary Middle Eastern states The three countries Turkey Lebanon and Israel are chosen because they are the only Middle Eastern countries with a tradition of free elections On the other hand they also display certain characteristics found in other non competitive Middle Eastern political systems such as the role and prominence of religion The study is based on extensive original research and presents the first comparative

treatment of electoral issues voting behaviour and parliamentary elites emphasising the context of rapid socio economic change a theme particularly pertinent to those countries with their tradition of free elections The variety of political behaviour within the countries concerned coupled with the prevailing complexities resulting from disparities in language and cultural inheritance makes the comparative approach particularly revealing The attitudes and behaviour of the voters can be seen to be at least as important as the laws and mechanisms involved **The Elections in Israel, 1973** Alan Arian,1975

Studies of Israeli Society: The sociology of religion in Israel : Israeli Judaism ,1995 *Rabbinical and Civil Courts in Israel* Hedva Porat-Martin,1979 **Political Culture in Israel** Eva Etzioni-Halevy,Rina Shapira,1977 **Political**

Dictionary of Israel Bernard Reich,David Howard Goldberg,2000-06-07 Few countries of its size have attracted more attention and aroused more controversy than Israel It is a country beset by conflict in its region and faced with the need to integrate immigrants and to weld individuals of disparate backgrounds and ethnicity into a modern and advanced state And although small in size and population it has played a significant role in international relations This companion book to the Historical Dictionary of Israel provides in a single source a comprehensive and up to date reference volume with detailed information about every aspect of the political life of contemporary Israel as well as serving as a guide to the complexities and nuances of contemporary Israeli politics It fills a gap in the literature by providing comprehensive information about the various diplomatic and political personalities institutions organizations events concepts and documents that together define the political life of the Jewish state The Political Dictionary of Israel will provide both students and scholars with extensive information and serve as a starting point for further research on the topic through its detailed bibliographical references

Berkeley Journal of Sociology ,1976 **Journal of Reform Judaism** ,1982 **Public Administration Series--Bibliography** ,1979-02 *Electoral Participation* Richard Rose,1980 **Religion in Social Life Among Jewish Israelis** Maidie R. Golan,1994 This dissertation explores how Jewish Israeli constructed amongst themselves experientially real Religiously Informed social borders Building upon numerous previous works that draw from documentary or survey data to explore israeli jewish religious border making as seen from a global perspective this work uses detailed ethnographic material in particular life stories and personal narratives to examine the multiple processes constructing these boundaries as seen from the less considered local perspective Subject Guide to Books in Print ,1971 **The Jerusalem Quarterly** ,1976

Models of Political Economy European Consortium for Political Research,1980 Based on the European Consortium for Political Research Workshop held at the University of Grenoble 1978 Includes bibliographical references

Comparative Politics ,1975 **Choice** Richard K. Gardner,Phyllis Grumm,1976 Jewish Observer and Middle East Review ,1974
