## **The Destiny Of Men:**

**The Destiny of Man** Daniel Obikwelu,2013-06 The Destiny of Man is the exploration and the excavation of the New Creation to fathom the depth of man both in his higher and lower natures It is theosophical a consciousness of the eternal truth and codification in the scripture about man and his great lover the God of creation The truth is divulged and certain mysteries that stand as puzzles are revealed about the mystical nature of man both in the Garden of Eden and the material world Yes The great mystery of the two different natures of man in Adam and Christ Jesus who answered the second Adam is unveiled so that the eternal life and victorious destiny of man may be achieved if the right choice is made Whether one lives his life only according to his animal nature or not going back to spiritual where we come from is a sine qua non It is indeed a rapturous spiritual blossoming that kept religion and science in unending squabbles Of course science and spiritual matters can never agree since science is the fruit of the intellectual mind of the material nature of man which has lost the spiritual insight of God and the origin of man As the scripture says For what is exalted among men is an abomination in the sight of God And another text says My thoughts are not your thoughts and your ways are not my ways Luke 16 15 and Isaiah 55 8

The Destiny of Man William Erwin,1872      **The Destiny of Man (Classic Reprint)** William Erwin,2015-07-19 Excerpt from The Destiny of Man This work on the destiny of man would probably never have been written had there been a possibility of discussing the question of man s immortality through the religious press Every attempt at this by the author has been denied Several articles have been prepared and their publication has been refused The integrity of his belief not being able to shield him from the imputation of heterodoxy and finding no opportunity to justify his theory and ever laboring under the disadvantage of distrust from the idea of not being entirely orthodox hence has arisen the necessity for this publication It should be expressly understood by all that the honor of God the good of man and the welfare of the church of Christ have induced the author to elaborate this idea of non immortality in sin That man is a candidate for immortality that he is not and can not be immortal until the resurrection and then can only be immortal in Christ the author is satisfied every reader who is dispossessed of prejudice will believe after he has carefully and thoroughly perused this treatise About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
