Dictionary of Americanisms John R. Bartlett, 1987-06-01 **Dictionary of Americanisms** John Russell

Bartlett, 2016-09-09 Excerpt from Dictionary of Americanisms A Glossary of Words and Phrases Usually Regarded as Peculiar the United States The first edition of this Dictionary was published in New York in 1848 It met with a quick sale and soon passed out of print Aware of its many imperfections I began my preparations for a new edition before it had fully left the press From that time to the day the last sheets of this edition left my hands for the printer now ten years I have been more or less occupied in its preparation Nearly three years of this period I spent in the interior of the country in the service of the United States as Commissioner on the Mexican Boundary but even there I failed not to note the peculiarities of the familiar language of the frontier and carefully recorded the words and phrases I met with for future use This experience enabled me to collect the singular words occurring in prairie and frontier life as well as those com mon to Texas New Mexico and California Most of these have come from the Spanish and are now fairly engrafted on our language The other alterations and improvements made in this edition consist in the addition of a very large number of words and phrases peculiar to the United States so that it now contains probably twice as many as the first edition The examples or illustrations from authors showing the use of words have also been greatly multiplied This seemed desirable as exam ples convey a far more correct idea of their meaning and use than a simple definition The Histories of words and their definitions have also been corrected and improved About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Dictionary of Americanisms** John Russell Bartlett, 2020-05-15 This is a reproduction of the original artefact Generally these books are created from careful scans of the original This allows us to preserve the

book accurately and present it in the way the author intended Since the original versions are generally quite old there may occasionally be certain imperfections within these reproductions We re happy to make these classics available again for future generations to enjoy **Dictionary of Americanisms** Lederer,2003-03-01 [Dictionary of Americanisms](#) John Russell,1805-1886,Bartlett,2015-11-06 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant [Dictionary of Americanisms](#) John Russell Bartlett,2015-02-08 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Dictionary of Americanisms* John Russell Bartlett,2014-03 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book [Dictionary of Americanisms](#) John Russell Bartlett,2013-03-01 Bonded Leather binding **A Collected Dictionary of Americanisms** Bartlett,2016-05-03 Compiled together in this volume is the complete text of the 4th Edition 1877 of the Dictionary of Americanisms by John Russell Bartlett which at 870 pages is 300 pages and several hundred entries larger than the 570 pages of the 2nd or 3rd Edition and
