**The Jew in the Medieval Community** James William Parkes,1976      **The jew in the medieval community, by james parkes** James Parkes,1938      **The Jews of Medieval Islam** Daniel Frank,2021-10-11 This volume contains fifteen articles on the communal social and intellectual life of medieval Jewry in Islamic lands The book is divided into three parts Part I Communities and Their Leaders is devoted to the old Babylonian center in the East and the Andalusian community in the West Part II Self Perceptions and Attitudes Towards Others investigates the ways in which medieval Jews living under Islam viewed their gentile neighbours and expressed their own identity Part III Religious Philosophy Mysticism and Spirituality in Islam and Judaism explores the impact of Islamic thought on the Jewish intellectual tradition The collection depicts a civilization at once unified and diverse revealing both consistent patterns of leadership and scholarship as well as distinctively local identities and collective memories      *Jews in Medieval Christendom* Kristine T. Utterback,Merrall L. Price,2013-09-15 In *Jews in Medieval Christendom Slay Them Not* an international group of scholars from numerous disciplines examines the manifold ways that medieval Christians coped with the presence of Jews in their midst The collection s touchstone comes from St Augustine s interpretation of Psalm 59 11 Slay them not lest my people forget scatter them by thy power and bring them down as it applied to Jews in Christendom an interpretation that deeply affected medieval Christian strategies for dealing with Jews in Europe This collection analyzes how medieval writers and artists often explicitly invoking Augustine employed his teachings on these strangers within Christian Europe Contributors include Nancy Bishop Kate McGrath Irven Resnick Ephraim Shoham Steiner K M Kletter Robert Stacey Jennifer Hart Weed Jay Ruud Kristine T Utterback Merrall LLeWelyn Price Eveline Brugger Birgit Wiedl Carlee A Bradbury Judy Schaaf Barbara Stevenson Miriamne Ara Krummel Albrecht Classen      **The Jews of Medieval France** Emily Taitz,1994-11-21 A history of the Jews in Champagne in the Middle Ages They were not directly victimized by the First Crusade of 1096 but were affected by it the willingness of Rhineland Jews to accept death rather than forced conversion contributed to a general feeling among Jews including those of Champagne of superiority to Christians The Jews of Champagne were not included in the expulsion from France in 1082 because Champagne was politically separate from France By 1306 Champagne came under the domination of the king of France and consequently the Jews were expelled that year States that in the medieval period both Church and state were potential threats to the Jews The greatest threat existed when both worked together as in the Third Crusade of 1188 The persecutions and expulsions of the Jews of Champagne are explained as resulting from the actions of rulers and were not due to groundswells of popular Jew hatred      *Miscellanies - The Jewish Historical Society of England* Jewish Historical Society of England,1925      **The Jew in the Medieval World** Jacob R. Marcus,1999-12-31 To gain an accurate view of medieval Judaism one must look through the eyes of Jews and their contemporaries First published in 1938 Jacob

Rader Marcus's classic source book on medieval Judaism provides the documents and historical narratives which let the actors and witnesses of events speak for themselves. The medieval epoch in Jewish history begins around the year 315 when the emperor Constantine began enacting disabling laws against the Jews rendering them second class citizens. In the centuries following Jews enjoyed or suffered under legislation either chosen or forced by the state which differed from the laws for the Christian and Muslim masses. Most states saw the Jews as simply a tolerated group even when given favorable privileges. The masses often disliked them. Medieval Jewish history presents a picture wherein large patches are characterized by political and social disabilities. Marcus closes the medieval Jewish age for Western Jewry in 1791 with the proclamation of political and civil emancipation in France. The 137 sources included in the anthology include historical narratives, codes, legal opinions, martyrologies, memoirs, polemics, epitaphs, advertisements, folk tales, ethical and pedagogical writings, book prefaces and colophons, commentaries, and communal statutes. These documents are organized in three sections. The first treats the relation of the State to the Jew and reflects the civil and political status of the Jew in the medieval setting. The second deals with the profound influence exerted by the Catholic and Protestant churches on Jewish life and well being. The final section presents a study of the Jew at home with four sub divisions which treat the life of the medieval Jew in its various aspects. Marcus presents the texts themselves, introductions, and lucid notes. Marc Saperstein offers a new introduction and updated bibliography.

**Church, State, and Jew in the Middle Ages** Robert Chazan, 1980. A collection of medieval European documents of the Church and state including theological positions on the Jews, papal decrees and local and national charters granting rights to Jews, documents relating to protection of Jews, ecclesiastic limitations on Jews relating particularly to usury and attacks on the Talmud, missionizing e.g. forced sermons and disputations and persecution by the state e.g. confiscation of properties, bodily attacks and expulsions.

**Imagination and Fantasy in the Middle Ages and Early Modern Time** Albrecht Classen, 2020-08-24. The notions of other peoples, cultures and natural conditions have always been determined by the epistemology of imagination and fantasy, providing much freedom and creativity and yet have also created much fear, anxiety and horror. In this regard the pre-modern world demonstrates striking parallels with our own insofar as the projections of alterity might be different by degrees but they are fundamentally the same by content. Dreams, illusions, projections, concepts, hopes, utopias, dystopias, desires and emotional attachments are as specific and impactful as the physical environment. This volume thus sheds important light on the various lenses used by people in the Middle Ages and the early modern age as to how they came to terms with their perceptions, images and notions. Previous scholarship focused heavily on the history of mentality and history of emotions whereas here the history of pre-modern imagination and fantasy assumes center position. Imaginary things are taken seriously because medieval and early modern writers and artists clearly reveal their great significance in their works and their daily lives. This approach facilitates a new, deep structure analysis of pre-modern culture.
