Witchcraft occultism paranormal science and mysticism are growing like plagues in the Western world These phenomena have baffled modern educators and conventional rationalists since such activities seem to be completely opposed to everything that the public schools have taught for over a hundred years Worst of all in the minds of conventional secularists all this discussion of demonic forces may lead to an even more appalling conclusion the idea that God also a supernatural force may reappear in the modern post Christian world At all costs a God who can make himself felt in time and on earth must be avoided

Mysticism is one thing totally internalized but supernatural forces are not supposed to have any impact on external so called phenomenal affairs Occultism is another form of humanism It is the product of the quest for power apart from God and His law order It was not a major force in the so called Dark Ages Not until the fifteenth century did witchcraft become a serious problem in Europe and it was the Renaissance not medievalism which sparked the great explosion of demonism and magic in the sixteenth century During the period of the early Middle Ages A D 500 1000 there were practically no signs of witchcraft in Europe Only with the revival of ancient Gnosticism and the invasion of Middle Eastern dualism did signs of widespread witchcraft reappear Occultism and humanism are not sworn enemies they are first cousins It was only the influence of Christian principles which laid such stress on the orderliness of God s universe that made possible the confidence of modern rationalists in denying the influence of supernatural forces As the confidence in creation law has waned in this century rational humanism has become increasingly unsuccessful in retarding the expansion of occult humanism This Journal of Christian Reconstruction offers readers the necessary evidence for a refutation of the familiar charge that occultism and religion necessarily go together and that only a hard headed rationalism can restrain the forces of spiritual anarchy Far from retarding occultism modern rationalism s blindness to the reality of occult forces is now creating a perverse inquisitiveness

on the part of modernism's children who have learned to be critical of everything including old-fashioned rationalism. The philosophy of the open universe closed to God has produced the new occult experimentalism. If anything except Christian orthodoxy might be true, why not find out through personal observation and experiment? Since 1965 the Western world has faced the greatest explosion of occultism that it has seen in three hundred years. This time no one can blame orthodox

Christianity; it has been the secularists who have wielded the power. **Power Spellcraft For Life** Arin

Carrington, 1920 **High Magic** U. D. (Frater), Frater U.:D., 2005 Of course Magic is Magic wherever. But Ceremonial Magic with or without a k ending is perceived as largely European in origin and practice. The Golden Dawn, Aurum Solis, O.T.O. were European, and even AMORC, B.O.T.A.G.B.G. were mostly European inspired. As valid as these esoteric orders were, and are, they are at best schools, and the knowledge taught is now widely available. What is key is not the knowledge, but the self-accomplishment that comes only through personal experience, otherwise known as self-initiation. The essence of Magic is a simple formula based on the exercise of Will, Imagination, and Gnosis, or Magical Trance. It is a technology and must be mastered like any technology through understanding and practice. Like playing the piano, it takes discipline to continue practicing basic exercises until it all becomes second nature and can function as an art, as well. And what for? Not to perform tricks or miracles, not to wear fancy robes and chant barbarous words, not to reach high degrees with grand titles in a secret order. No, it is to transform and transmute your own self, and thus to become more than you were, not merely to accelerate normal human evolution, but to actually move beyond and be a co-creator. And to finally answer those questions: Who am I? Where did I come from? Where am I going? **High Magic** is an active program for self-discovery and Self-Realization. This book, by a famed contemporary German magician, self-instructs the student through a series of basic exercises and real magical practices that train the magician through a consistent program combined with examples and explanations. Each step is thorough without extravagance; the program is effective and entirely self-directed, as must be all real learning. The book is encyclopedic in depth and inclusive, even of chaos and cyber magic. Tables and Charts simplify the learning process. The system starts with immediate immersion in ritual practice, starting with the Kabbalistic Cross and Lesser Banishing Ritual of

the Pentagram and moves through beginning to advanced levels of Practical Sigil Magic Ritual Magic Elemental Magic the Greater Ritual of the Pentagram Planetary Magic the Hexagram Ritual Mantra Meditation the Magical Gaze Magical Trance the Pan Ritual Money Magic Talisman Magic Moon Magic Chaos Magic and Cyber Magic In each case practice is used to instruct nothing is presented as theory only You will find everything analyzed explained and justified with refreshing and truly uncommon common sense The author fully dispels the myths and subterfuges of archaic magical orders and explores the role of the Unconscious Mind the issues of Religion and Mysticism the nature of High and Low Magic the function of Myth and the role of Drama in Ritual the Magical Nature of Reality and Magical Perception Dream Work in relation to Magical Training the Magical Imagination and training for Visualization Psychic Protection Invocation and Evocation the Calling and Movement of Energies Charging Paradigm Shifting what is really means to Keep Silent the power of Intention definition of Magical Goals the ritual use of Symbols and Gestures the power of Words the Magician s Universe the magical pronunciation of Hebrew Letters the Magician s Tools Mantric Sigils the IAO formula and much more High Magic is as central to Western culture as are science technology the rule of law democracy and the entrepreneurial economy Its practice and application should be part of your daily life starting now
