## The Surrealists:

**History of the Surrealist Movement** Gérard Durozoi, 2002 Tracing the movement from its origins in the 1920s to its decline in the 1950s and 1960s Durozoi tells the history of Surrealism through its activities publications and reviews demonstrating its close ties to some of the most explosive political as well as creative debates of the twentieth century Unlike other histories which focus mainly on the pre World War II years of the movement in Paris Durozoi covers both a wider chronological and geographic range treating in detail the postwar years and Surrealism's colonization of Latin America the United States Japan Czechoslovakia Belgium Italy and North Africa Drawing on documentary and visual evidence including 1 000 photos many of them in color he illuminates all the intellectual and artistic aspects of the movement from literature and philosophy to painting photography and film All the Surrealist stars and their most important works are here Aragon Borges Breton Bu uel Cocteau Crevel Dal Desnos Ernst Man Ray Soupault and many more for all of whom Durozoi has provided brief biographical notes in addition to featuring them in the main text The Surrealists Jemima Montagu, 2002 A collective adventure begun by a group of intellectuals in the early 1920s Surrealism became one of the most influential art movements of the 20th century This volume explores the lives work of the artists writers at the heart of the movement **The Art of the Surrealists** Edmund Swinglehurst, 1995 This is a comprehensive introduction to Surrealism with a collection of full colour reproductions of the great Surrealist works accompanied by explanatory captions The works are found in the Bridgeman Art Library The Real World of the Surrealists Malcolm Haslam, 1978 In this superbly illustrated book Malcolm Haslam describes the background o the Surrealists and Dadaists struggle against the establishment from their origins to the eve of the Second World War The paintings of de Chirico Mir Dali Ernst Magritte and others are shown against a background of contemporary documents and photographs of both the exponents and the enemies of the movement as well as stills from the films the Surrealists made and those that inspired them Many of the more celebrated names of twentieth century art and literature Picasso Cocteau Gide and Apollinaire to name but a few figure in Malcolm Haslam's fascinating survey of this unique cultural movement book jacket **The Surrealists Look at Art** Paul Éluard, Aragon, Philippe Soupault, Pontus Hultén, André Breton, 1990 *The Surrealist Mind* J. H. Matthews, 1991 This work reflects the search for proof of the existence of a mind that may be accurately called surrealist Concentrating on painting and poetry it shows how the surrealists envisaged reacted to and practiced art as a creative activity *Surreal Lives* Ruth Brandon, 2000-08 A sharp analysis of the Surrealist movement and the group of writers painters and filmmakers who set out to change the perception of the world Photographs **The Surrealists** William Gaunt, 1972 The Real World of the Surrealists Malcolm Haslam, 1978 Defining Surrealism: Relations between Nadja, Photography and the Surrealist Movement Viktor Kocsis, 2013-07-22 Seminar paper from the year 2013 in the subject French Studies Literature grade Gut University of Graz Institut f r Romanistik course Allg LW SE Studien zur Literaturwissenschaft Literatur und Fotografie language English

abstract Surrealism especially has entered our everyday language we talk of surreal humour or a surreal plot to a film This very continuity means that it is difficult to place them at one remove from us in history HOPKINS 2004 Introduction Defining Surrealism has become as HOPKINS s statement illustrates a very challenging task due to its wide prevalence in contemporary speech and language which makes it difficult to isolate Surrealism historically and to distinguish between its intended meanings within certain historical epochs As the following section will outline Surrealism has been continuously influenced and shaped from generation to generation and has therefore been marked by different characteristics throughout history The long historical chronology of ASPLEY 2010 XV of the surreal has indeed caused a lot of confusion with regard to the usage of the term which should always be contextualized within the respective examined epoch in order to grasp its intended spirit This research paper aims at examining and defining the early twentieth century Surrealist Movement more closely which has been described in the Manifeste du surr alisme in 1924 by ANDR BRETON who seems to be widely acknowledged as the father of Surrealism After a brief theoretical section outlining a short historical chronology of Surrealism and commenting on BRETON s influence on the Surrealist Movement in 20th Century France chapter 3 will present an analysis of Nadja 1928 one of BRETON s most important surrealist novels forming the climax of the literary movement of Surrealism in France REENTS 2009 31 The analysis will be carried out from a predominantly photographic angle to examine how photography relates to the concept of the surreal and how it helps define Surrealism in BRETON s time

*The Surrealist Movement in France* Stephen Frederick Klebs,1973 *The Black Surrealists* Jean-Claude Michel,2000 In their rebellion against Western civilization the European surrealists contested their own society of which black surrealists were subjected to even harsher and shared the same dreadful racial memory of the slave ship Black surrealists would strive to completely eradicate this hostile society by means of art words and metaphors *The Surrealist Movement in England* Paul C. Ray,1971 *The Origin and Development of the Surrealist Vision* Michel Lee Landa,1970 *Salvador Dalí and the Surrealists* Michael Elsohn Ross,2003 Examines the lives and creative work of the surrealist artist Salvador Dali and other artists and friends who shared his new ways of exploring art *The Arts* ,1930 *ARTnews* ,1956 **The Lives of the Surrealists** Desmond Morris,2018-05-17 No other art movement in history has contained two artists as different as Magritte and Mir This is because Surrealism was not in origin an art movement but a philosophical strategy It was a way of life a rebellion against the establishment that had given the world the hideous slaughter of the First World War Instead of trying to analyse the work of the Surrealists bestselling author and Surrealist artist Desmond Morris concentrates on them as people as remarkable individuals What were their personalities their predilections their character strengths and flaws Did they enjoy a social life or were they loners Were they bold eccentrics or timid recluses Drawing on the authors personal knowledge of the Surrealists this book captures their life histories idiosyncrasies and often complex love lives vividly illustrated with images of the artists and their works The arts of Surrealism were both spectacular and international shaped by the darkest

most irrational workings of the unconscious Shocking witty and always entertaining Morris tales illuminate the striking variation in approaches to the Surrealist philosophy both in the artists work and in their lives Transition Eugène Jolas,1927 *Arts Digest* ,1937
