2014 **The Chrysanthemum and the Sword: Patterns of Japanese Culture** Ruth Benedict,2021-08-31 In her seminal work *The Chrysanthemum and the Sword* *Patterns of Japanese Culture* Ruth Benedict

explores the complex fabric of Japanese society woven through its historical social and cultural threads. Written during World War II, this ethnographic study is remarkable for its analytical depth and literary elegance, employing a comparative method that juxtaposes Japanese values with those of Western cultures. Benedict investigates key themes such as honor, duty, and the dualities of rigidity and flexibility in Japanese behavior, presenting a nuanced view of a nation at war while adhering to an accessible narrative style that engages the reader. Ruth Benedict, a pivotal figure in cultural anthropology, was influenced by her academic background under Franz Boas, who emphasized cultural relativism. Her keen insight into Japanese culture emerged from her analysis of the social dynamics that unfolded during a tumultuous era. The book reflects her belief in the importance of understanding cultural patterns to foster empathy, challenging her contemporaries to move beyond stereotypes and to recognize the internal logic of different societies. For scholars, students, and general readers alike, *The Chrysanthemum and the Sword* offers invaluable insights into Japan's enduring cultural ethos. It serves as an essential resource for anyone seeking to understand the intricate interplay of tradition and modernity within Japanese identity, making it a compelling read that resonates well beyond its historical context. **Understanding Man** Dr. Sougaijam Priyokumar Meitei, Dr. Maringmei Philip, 2024-02-08. This book, entitled *Understanding Man: A Perspective from Social Anthropology*, is devoted to describing the characteristics of man as a social being. The characteristics of man are very complex due to his complex mind, complex group life, and complex experiences. This book aims to give light on the horizon of anthropology with reference to alerting and conserving humanity about what makes us human beings. The world is not only the accumulation of the things we see, but there are also invisible realities occurring around us. In describing the characteristics of man, there are several questions to be looked into seriously: Why does man do hunger strikes? Why does man commit suicide? Why does man have do's and don'ts in his everyday activities? Why taboos and sacrifices, and so on? This book is trying to give an elaborating answer to these elementary questions and throw some lights to the students who have curiosity in such questions.
