Santosh Krinsky, 2018-01-01 Santosh Krinsky has endeavored to make Sri Aurobindo's teachings relevant and readable to the very different audience today without compromising the essence of his teaching I do not think that any other writer in America has better represented Aurobindo's teachings today than Santosh

This is a difficult task to be sure but one that he has been able to do consistently and with depth of thought The reader is guided through short episodes that can constitute a simple yet direct immersion into the heart of Aurobindo's teachings Krinsky has approached The Synthesis of Yoga in four volumes of which this current book is the fourth and final one which addresses Sri Aurobindo's unique contribution of the Yoga of Self Perfection This helps the reader understand the depths of Yoga and how it can be used to make fundamental changes in our being and character that are more important and enduring than mere outer changes in our body David Frawley author of Yoga and Ayurveda Readings in Sri Aurobindo's The Synthesis of Yoga Volume 3 Santosh Krinsky,2017-01-07 Santosh Krinsky has endeavored to make Sri Aurobindo's teachings relevant and readable to the very different audience today without compromising the essence of his teachings I do not think that any other writer in America has better represented Aurobindo's teachings today than Santosh This is a difficult task to be sure but one that he has been able to do consistently and with depth of thought The reader is guided through short episodes that can constitute a simple yet direct immersion into the heart of Aurobindo's teachings Krinsky has approached The Synthesis of Yoga in four volumes of which this current book is the third focusing on The Yoga of Divine Love He clearly explains Aurobindo's vision of Yoga in the world today and the many sided approach that is needed to make it work in our daily lives This helps the reader understand the depths of Yoga and how it can be used to make fundamental changes in our being and character that are more important and enduring than mere outer changes in our body *The Synthesis of Yoga* Sri Aurobindo,1948 *The Synthesis of Yoga* ,1999 The Yoga of Divine Works: The Synthesis of Yoga Sri Aurobindo,2020-12-30 ALL LIFE IS YOGA Sri Aurobindo was an Indian philosopher yogi guru poet He developed a spiritual practice he called Integral Yoga In this masterful study of Yoga Sri Aurobindo explained the spiritual realization that not only liberated but transformed human nature enabling a divine life on earth The main objective of his teachings was to increase the level of consciousness of people and to aware people of their true selves This book is a synthesis of many of the most important Indian spiritual philosophies and is by far the most relevant to modern humanity and the most inspiring to westerners If you've done some yoga then move along to Sri Aurobindo and see what you can learn from one of the most fascinating minds of the past hundred years This essay is plenty of very profound thought and you will not leave this fantastic work without spiritual growth EXCERPT ALL YOGA is in its nature a new birth it is a birth out of the ordinary the mentalised material life of man into a higher spiritual consciousness and a greater and diviner being No Yoga can be successfully undertaken and followed unless there is a strong awakening to the necessity of that larger spiritual existence The soul that is called to this deep and vast inward change may arrive in different ways to the initial departure It may come to it by its own natural development which has been leading it unconsciously towards the awakening it may reach it through the influence of a religion or the attraction of a philosophy it may approach it by a slow illumination or leap to it by a sudden touch or shock it may be pushed or led to it by the pressure of outward circumstances or by an inward necessity by a single word that breaks
