Tribes That Slumber:

Tribes that Slumber Thomas McDowell Nelson Lewis, Madeline Kneberg, 2008-08 This book has been written for students for amateur archaeologists and for all other persons with curiosity about the Indians The story is factual because it is based upon archaeological researches both our own and those of our colleagues and upon historical records As we have gazed back into the faintly illuminated distant past the people of our story have become almost like old friends to us Our aim insofar as it is possible is to make them your friends too and in so doing to breathe some life into the dust covered facts of archaeology Preface **Tribes that Slumber**, 1982 Tribes that Slumber Thomas M. remain the last lost tribe in America even to themselves Yet Hirschman supported by DNA testing genealogies and a variety of historical documents suggests that the Melungeons included such notable early Americans as Daniel Boone John Sevier Abraham Lincoln Jefferson Davis and Andrew Jackson Once lost but now forgotten no more **The Masterkey**, 1959
