Triggering Communism's Collapse Perceptions And Power In Poland's Transition:

Triggering Communism's Collapse Marjorie Castle, 2003 Why was Poland the first communist regime to collapse And yet why do many Poles see their peaceful transition away from communist rule as a sham rather than a victory To find answers to these questions **Triggering Communism's Collapse** examines the political dynamics of the Polish transition a transition that stripped the communist party of its control of the government thrust an opposition leader into the premiership and set off the world changing series of communist collapses in the Soviet Bloc At a time when Poland's economy was deteriorating the workers were striking and the Soviets were vacillating both the Polish communist regime and the Solidarity led opposition formulated certain expectations and acted upon them Both sides expectations soon turned out to be mistaken but the resulting choices shaped the course of events in surprising ways Through elite interviews and archival records Castle shows how mistaken expectations resulted in a sudden transfer of power away from the communist elite and created a new political arena full of surprises Drastic changes in the capabilities of key political actors had radically altered the implications of negotiated rules Yet these rules went on to change the political landscape itself **Triggering Communism's Collapse** Marjorie Castle, 2003-05-13 Through research and interviews Castle examines the causes and consequences of Poland's collapse as a communist state and explores how today's leaders confront some of the legacies of transition [Modeling and Simulation for Analyzing Global Events](#) John A. National Convention,2002 *Stalin and the Cold War in Europe* Gerhard Wettig,2008 The Cold War was a unique international conflict partly because Josef Stalin sought socialist transformation of other countries rather than simply the traditional objectives This intriguing book based on recently accessible Soviet primary sources is the first to explain the emergence of the Cold War and its development in Stalin s lifetime from the perspective of Soviet policy making The book pays particular attention to the often neglected societal dimension of Soviet foreign policy as a crucial element of the genesis and development of the Cold War It is also the first to put German postwar development into the context of Soviet Cold War policy Stalin vainly tried to mobilize the Germans with slogans of national unity and then to discredit the West among the Germans by forcing the surrender of Berlin Further attempts to prevail deadlocked him into a confrontation with the newly united Western powers Comparing Stalin s internal statements with Soviet actions Gerhard Wettig draws original conclusions about Stalin s meta plans for the regions of Germany and Eastern Europe This fascinating look at Soviet politics during the Cold War provides readers with new insights into Stalin s willingness to initiate crisis with the West while still avoiding military conflict *The Cold War After Stalin's Death* Klaus Larres,Kenneth Alan Osgood,2006-10-12 After Stalin s death in March 1953 many in the West were hopeful that it might be possible to overcome the Cold War and settle the plethora of outstanding East West questions with the new leaders in the Kremlin However less than a decade after Stalin s death the Berlin Wall *Mao and the Economic Stalinization of China, 1948-1953* Hua-Yu Li,2006 In the first systematic study of its kind Hua yu Li explains why in 1953 Mao suddenly changed direction in economic policy and launched China on a Stalinist road to socialism In so doing he profoundly changed the country s economic and political landscape Including rich *The Eisenhower Administration, the Third World, and the Globalization of the Cold War* Kathryn C.
