

THE TROUSER PEOPLE

A New York Times Notable Book

They come from a land that
all regard as lost. Little more
than a pile of what long
ago was a great people to be
seen and felt of. A land that
was a great people's home.

A Story of Barren
In the Shadow of the Empire

Trouser People:

The Trouser People Andrew Marshall, 2002 Sir George Scott was an unsung Victorian adventurer who hacked his way through uncharted jungle to help establish British colonial rule in Burma Born in Scotland in 1851 Scott was a die hard imperialist with a fondness for gargantuan pith helmets and a bluntness of expression that bordered on the Pythonesque Stepped on something soft and wobbly he records in his bush diary one dark night Struck a match found it was a dead Chinaman

People v. Karoll, 315 MICH 423 (1946), 1946 49 *Myanmar's Fragmented Democracy: Transition Or Illusion?* Felix Thiam Kim Tan, 2022-07-14 The recent military coup in Myanmar perpetrated by the Tatmadaw has set the country back to the days of political uncertainty and military authoritarianism This book examines how far the country has come since its nascent attempt at democratic reforms and democratisation in 2010 Each chapter considers some of the more prominent issues that have plagued Myanmar since political reforms started First there have been debates about the extent to which democratic reforms have been achieved since the Constitution was formalised in 2008 Second what has been the significance of the three elections in 2010 2015 and 2020 Third how has the National League for Democracy transformed in the past decade How far has the Union Solidarity and Development Party changed the political landscape What roles did the Tatmadaw play in the last decade Fourth questions surrounding how the ethnic crisis not least the Rohingya issue have continued to dominate the country's political landscape in the last decade thereby overshadowing its democratisation process Finally how far have these efforts at democracy demonstrated Myanmar's futile attempts at appeasing the domestic and international audience Myanmar's relations with the global and regional community vis vis the US China and the Association of Southeast Asian Nations have also taken a toll in the last decade There is already a shift in power politics especially with China determining the direction of Myanmar Myanmar has been locked in a perpetual cycle transitioning between military authoritarianism and democratisation These prevailing issues have led to a fragmented democracy and a lost opportunity to demonstrate its foray into a genuine democracy

Diddly Squat: 'Til The Cows Come Home Jeremy Clarkson, 2022-09-29 THE NO 1 SUNDAY TIMES BESTSELLER Head back down to Clarkson Farm with the latest bestseller from our favourite welly wearing wannabe farmer Jeremy Clarkson _____ Enthusiastic trainee farmer Jeremy Clarkson made just 144 in his first year at Diddly Squat Farm This year he's determined to do better Not because he now knows what he's doing But because he's fed up of getting stick from Kaleb Yet farming continues to be a challenge For instance Loading a grain trailer was more demanding than flying an Apache gunship Cows were more dangerous than motor racing It's easier to get planning permission to build a nuclear plant than to turn a barn into a restaurant Jeremy's always got a plan Loads of them Often cunning Not always greeted with wild enthusiasm by Kaleb and Cheerful Charlie however _____ PRAISE FOR DIDDLY SQUAT Clarkson has done more for farmers in one series than Countryfile achieved in 30 years James Rebanks author of *A Shepherd's Life* Clarkson has showcased the passion humour and personalities of the people who work throughout the year

to grow the nation's food and brought an understanding of many of the issues faced by farmers to the British public National Farmers Union A deserving Farming Champion of the Year Farmers Weekly I don't know anything about farming It's like David Attenborough doing jet skiing or Nicholas Witchell saying I'm going to be a cage fighter Jeremy Clarkson

Children's Bioethics Maya Sabatello, 2009-05-20 Only scant attention has been given to the issue of children's bioethics Even when such a discourse took place it hardly touched upon children as social agents In this novel work Maya Sabatello looks at the body politics of religious and cultural medical practices from harmful traditional practices to genetic engineering Building on literature from medical anthropology cultural studies disability studies social sciences and law she explores the international discourse on children's bioethics from a previously uncharted child-centered approach In light of the existing multiculturalism she contends that in the discourse on children's bioethics not only must the medical social and anthropological nexus of the child be taken into account but that incorporating identity claims into the legal discourse is also essential for the child's voice to be heard

Banished potentates Robert Aldrich, 2017-12-27 Though the overthrow and exile of Napoleon in 1815 is a familiar episode in modern history it is not well known that just a few months later British colonisers toppled and banished the last king in Ceylon Beginning with that case this volume examines the deposition and exile of indigenous monarchs by the British and French with examples in India Burma Malaysia Vietnam Madagascar Tunisia and Morocco from the early nineteenth century down to the eve of decolonisation It argues that removal of native sovereigns and sometimes abolition of dynasties provided a powerful strategy used by colonisers though European overlords were seldom capable of quelling resistance in the conquered countries or of effacing the memory of local monarchies and the legacies they left behind
