## **True Spiritualism:**

*True Spirituality* Francis Schaeffer, 2012-01-27 Does believing in Jesus really make a difference Francis Schaeffer had been serving as a pastor for over a decade when he began to wonder if Christianity really made a difference in people's lives He was tired of not seeing results in his own spiritual life and others He found himself talking about Christianity but not living it *True Spirituality* a twentieth century spiritual classic outlines the result of his effort to start at the beginning and honestly re-examine his faith The book is a treasure trove of wisdom for Christians trying to discover what true spirituality looks like in everyday life Readers will learn How Christ's death is central to the Christian faith not just for justification but also for sanctification Why you should adopt a posture of active passivity to experience the Holy Spirit's transformative work The role of God in healing the whole person whether it's psychological problems or relational ones This beloved theological book includes a foreword by Chuck Colson and an introduction by Dr Jerram Barrs director of the Schaeffer Institute **The**

*Toward a Humean True Religion* Andre C. Willis, 2015-01-26 David Hume is traditionally seen as a devastating critic of religion He is widely read as an infidel a critic of the Christian faith and an attacker of popular forms of worship His reputation as irreligious is well forged among his readers and his argument against miracles sits at the heart of the narrative overview of his work that perennially indoctrinates thousands of first year philosophy students In *Toward a Humean True Religion* Andre Willis succeeds in complicating Hume's split approach to religion showing that Hume was not in fact dogmatically against religion in all times and places Hume occupied a watershed moment Willis contends when old ideas of religion were being replaced by the modern idea of religion as a set of epistemically true but speculative claims Thus Willis repositions the relative weight of Hume's antireligious sentiment giving significance to the role of both historical and discursive forces instead of simply relying on Hume's personal animus as its driving force Willis muses about what a Humean true religion might look like and suggests that we think of this as a third way between the classical and modern notions of religion He argues that the cumulative achievements of Hume's mild philosophic theism the aim of his moral rationalism and

the conclusion of his project on the passions provide the best content for this true religion
