West Side Story, Gypsy, and the Art of Broadway Orchestration Paul Laird,2021-11-18 In this ground breaking study Paul Laird examines the process and effect of orchestration in West Side Story and Gypsy two musicals that were among the most significant Broadway shows of the 1950s and remain important in the modern repertory Drawing on extensive archival research with original manuscripts Laird provides a detailed account of the process of orchestration for these musicals and their context in the history of Broadway orchestration He argues that the orchestration plays a vital role

in the characterization and plot development in each major musical number opening a new avenue for analysis that deepens our understanding of the musical as an art form The orchestration of the score in Broadway musicals deeply shapes their final soundscapes but only recently has it begun to receive real attention Linked by a shared orchestrator in other ways West Side Story and Gypsy offer a study in contrasts Breaking down how the two composers Leonard Bernstein and Jules Styne collaborated with orchestrators Sid Ramin Irwin Kostal and Robert Ginzler Laird s study enables us to better understand both of these two iconic shows and the importance of orchestration within musical theatre in general The North-west Amazons Thomas Whiffen,1915 Overland Monthly and Out West Magazine Bret Harte,1910 **Journal of the Bath and West and Southern Counties Society** Bath and West and Southern Counties Society,1908 **The Pioneer Pageant, How the West was Won** Stephen Beasley Linnard Penrose,1923 Out West Charles Fletcher Lummis,1914 Contains monthly column of the Sequoia League
