Trusted Mole Milos Stankovic, 2001 This is an account of the Bosnia war as told by Milos Stankovic who served in that war as a British soldier

The Military and Negotiation Deborah Goodwin, 2004-11-23 A new investigation of the role of the modern soldier diplomat and the nature of military negotiation in comparison with negotiation in other key contexts This new book presents a detailed analysis of the role of the military in current operations as negotiators and liaison workers in the field It shows how very few in the academic world are writing on this specific role of the military and the nature of negotiation in this situation and such a volatile context This publication is a first in this context and has a keen audience in light of the current world order This study breaks new ground in analyzing the nature of military negotiation in relation to more generic forms of negotiation and assessing the role of the modern soldier diplomat in recent deployments around the world The author is an academic working within the military environment very few people have the same capacity and accessibility to firsthand evidence and observation Whilst peacekeeping has grown in the last decade or so no one has successfully investigated the role of the military and their approach to non violent conflict resolution on the ground as few have access to such work to make a viable detailed assessment of the nature of negotiation in a violent context but Dr Goodwin is able to do so

Perception and Reality in the Modern Yugoslav Conflict Brendan O'Shea, 2012-10-12 In this book the author has tried bridge the gap between the common perception of the Yugoslav conflict as portrayed in the media and the actual grim reality with which he was dealing as an EU monitor on the ground Drawing on original material from both UN and ECMM sources he has identified the true origin of Former Yugoslavia's wars of dissolution and critically examines the programme of violence which erupted in 1991 and eventually culminated in 1995 in the vicious dismemberment of a sovereign federal republic with seat at the United Nations In doing so he highlights the duplicitous behaviour of all parties to the conflict the double standards employed throughout by the United States in its foreign policy the lengths to which the Sarajevo government manipulated the international media to promote a victim status the contempt in which UN peace keepers were ultimately held by all sides and the manner in which Radovan Karadzic was sacrificed at the altar of political expediency when the real culprits were Slobodan Milosevic and his acolyte General Ratko Mladic This book the first by an EU Monitor with actual experience of the conflict tells the real story of the modern Yugoslav conflict 1991 1995
