- Many people report an enhanced state of awareness during astral projection. They may perceive details of their surroundings with greater clarity than usual and experience a heightened sense of perception.
- Astral projectors often describe a sense of freedom and fluidity of movement. They can navigate through physical obstacles effortlessly and travel to distant locations at will.
- Some individuals report encountering other beings or entities during astral projection. These entities may appear as spiritual guides, deceased loved ones, or even beings from other realms. These encounters can be positive, neutral, or occasionally frightening, depending on the individual's beliefs and experiences.
- Astral projectors may explore realms or dimensions beyond the physical world. They may visit spiritual planes, alternate realities, or even past or future events. This exploration can lead to profound insights, spiritual growth, and expanded consciousness.
