## **Truth Trivia And Nonsense:**

Truth, Trivia and Nonsense C. Michael Taylor,2005-06-01 The American City is the subject of the first section of this unusual collection an intense meaningful combination of industry and emotion the commuters and the high rise apartment dwellers have never seen The poet goes to the heart of a great city to the little people whose energy keeps it moving and alive With tremendous force with humor with clarity and perception he reveals the Giant Man lined with copper nerves Old Man river surges through his veins His organs are volcanic pots cascading molten stew Presses pounding utility Registers ringing revenue The poet turns with ease to a variety of moods and themes from pure fantasy to melancholy reflection on the past to delightful humor This is something in this collection for everyone and not merely because of variety Each poem has an emotional impact which cuts through superficiality and rationalization leaving the reader with the universally understood essence of experience

God is Dead, Now Zen is the Only Living Truth Osho,2024-05-04 God is the greatest dictator if you accept the fiction that he created the world and also created mankind If God is a reality then man is a slave a puppet All the strings are in his hands even your life Then there is no question of any enlightenment Then there is no question of there being any Gautam the Buddha because there is no freedom at all He pulls the strings you dance he pulls the strings you cry he pulls the strings you start murders suicide war You are just a puppet and he is the puppeteer

All Bullshit and Lies? Chris Heffer,2020-07-01 In a postfactual world in which claims are often held to be true only to the extent that they confirm pre existing or partisan beliefs this book asks crucial questions how can we identify the many forms of untruthfulness in discourse How can we know when their use is ethically wrong How can we judge untruthfulness in the messiness of situated discourse Drawing on pragmatics philosophy psychology and law All Bullshit and Lies develops a comprehensive framework for analyzing untruthful discourse in situated context TRUST or Trust related Untruthfulness in Situated Text sees untruthfulness as encompassing not only deliberate manipulations of what is believed to be true the insincerity of withholding misleading and lying but also the distortions that arise from an irresponsible attitude towards the truth dogma distortion and bullshit Chris Heffer discusses times when truth is not in play as in jokes or fiction as well as instances when concealing the truth can achieve a greater good The TRUST framework demonstrates that untruthfulness becomes unethical in discourse though when it unjustifiably breaches the trust an interlocutor invests in the speaker In addition to the theoretical framework this book provides a clear practical heuristic for analyzing discursive untruthfulness and applies it to such cases of public discourse as the Brexit battle bus Trump s tweet about voter fraud Blair and Bush s claims about weapons of mass destruction and the multiple forms of untruthfulness associated with the Skripal poisoning case In All Bullshit and Lies Chris Heffer turns a critical eye to fundamental questions of truthfulness and trust in our society This timely and interdisciplinary investigation of discourse provides readers a deeper theoretical understanding of untruthfulness in a postfactual world

### **Polarisation, Arrogance, and Dogmatism** Alessandra

Tanesini,Michael P. Lynch,2020-07-19 Polarisation intransigence and dogmatism in political and moral debate have in recent years threatened to overwhelm many Western style democracies where for centuries reasoned argument has been a hallmark feature of tackling disagreement For many people this marks a worrying deterioration in the moral and political climate threatening to create a divisive environment of us versus them In this superb collection a team of international contributors examine these pressing issues from a philosophical perspective Topics explored include the problem of deep disagreements martial conceptions of argumentation and the motivation to argue to win epistemic egocentrism intellectual trust bullshit and dogmatism intellectual humility and the internet epistemic and tribal arrogance and authoritarianism empathy and polarisation and epistemic rights violations Polarisation Arrogance and Dogmatism Philosophical Perspectives will be of great interest to researchers in political philosophy applied and social epistemology ethics and feminist philosophy as well as those working in politics and sociology

Veerman,1995 The God Conspiracy Osho,2010-02-01 Not believing but only experiencing says Osho in this inspiring book is a way of finding truth and meaning While Nietzsche s declaration that God is dead therefore man is free was an incredible step in understanding he argues it is in itself a negative solution and does not bring freedom Simply removing God is not enough In The God Conspiracy Osho offers a solution beyond Nietzsche meditation a direct connection with existence itself Here he shows how Zen and meditation allow us to find meaning and significance creativity receptivity and a path to freedom Zen has no God but it has a tremendous power to transform our consciousness to bring so much awareness that committing evil becomes inconceivable This book argues persuasively that transformation cannot be imposed but must come from one s innermost being and understanding
