Where is God when You Hurt? Richard W Coffen,1995      **The Journal of Abnormal Psychology** ,1912      **Studies in Abnormal Psychology** ,1913      Thinking Like a Lawyer Frederick Schauer,2012-04-02 This primer on legal reasoning is aimed at law students and upper level undergraduates But it is also an original exposition of basic legal concepts that scholars and lawyers will find stimulating It covers such topics as rules precedent authority analogical reasoning the common law statutory interpretation legal realism judicial opinions legal facts and burden of proof      Alien and Philosophy Jeffrey A. Ewing, Kevin S. Decker,2017-03-27 *Alien and Philosophy I Infest Therefore I Am* presents a philosophical exploration of the world of *Alien* the simultaneously horrifying and thought provoking sci fi horror masterpiece and the film franchise it spawned The first book dedicated to exploring the philosophy raised by one of the most successful and influential sci fi franchises of modern times Features contributions from an acclaimed team of scholars of philosophy and pop culture led by highly experienced volume editors Explores a huge range of topics that include the philosophy of fear Just Wars bio weaponry feminism and matriarchs perfect killers contagion violation employee rights and Artificial Intelligence Includes coverage of H R Giger s aesthetics the literary influences of H P Lovecraft sci fi and the legacy of Vietnam and much more      **Trying to Make Sense Out of the Absurd** Richard Wilmarth,2001-01-01      **American Journal of Archaeology** ,1903

Something About a Mountain ,2010-04-01      Nonsense Literature for Children Celia Catlett Anderson, Marilyn Apseoff,1989      *Human Traits and Their Social Significance* Irwin Edman,1920 Deals with the processes of human nature from man s inborn impulses and needs to the most complete fulfillment of these      **The Catholic School** Harold A. Buetow,1988      *The Specter of the Absurd* Donald A. Crosby,1988-01-01 This book is our century s most comprehensive and wise treatment of nihilism in all of its guises comparing favorably with Rosen Cavell and indeed with Spengler Crosby argues that our culture is genuinely haunted by nihilism expressing itself in the fideism of fundamentalism as well as in the debilitating alienation from all orientation This results from a one sided development of Western culture The force of the argument derives from its comprehensive cumulative character Crosby distinguishes and relates five areas of nihilism political moral epistemological cosmic and existential Throughout the book he illustrates and examines these as they are expressed in literature and art in daily life and practical affairs and in philosophy The book is richly erudite in its marshalling of consciousness from so many domains      **Back to Godhead** ,1979      **Benjamin Franklin Unmasked** Jerry Weinberger,2005-09-07 Moral paragon public servant founding father scoundrel opportunist womanizing phony There are many Benjamin Franklins Now as we celebrate the tercentenary of Franklin s birth Jerry Weinberger reveals the Franklin behind the many masks and shows that the real Franklin was far more remarkable than anyone has yet discovered Taking the Autobiography as the key to Franklin s thought Weinberger argues that previous assessments have not yet probed to the bottom of Ben s famous irony and elusiveness While others take the self portrait as an elder statesman s relaxed and playful

retrospection Weinberger unveils it as the window to Franklin's deepest reflections on God, virtue, justice, equality, natural rights, love, the good life, the modern technological project, and the place and limits of reason in politics and human experience. Along the way Weinberger explores Franklin's ribald humor, usually ignored or toned down by historians and critics, and shows it to be charming and philosophic. Following Franklin's rhetorical twists and turns, Weinberger discovers a serious thinker who was profoundly critical of religion, moral virtue, and political ideals, and whose grasp of human folly constrained his hopes for enlightenment and political reform. This close and amusing reading of Franklin portrays a scrupulous, dialectical philosopher, humane and wise but more provocative and disturbing than even the most hardboiled interpreters have taken Franklin to be: a freethinking critic of Enlightenment freethinking who played his moral and theological cards very close to the vest. Written for general readers who want to delve more deeply into the mind of a great man and great American, Benjamin Franklin Unmasked shows us a massively powerful intellect lurking behind the leather apron countenance. This lively, witty, and revelatory book is indispensable for those who want to meet the real Franklin.
