Sullivan, 2016-12-27 You want to scream Kill the umpire Now should you Well of course you shouldn't kill the umpire that would be murder But should you want to Not nearly as often as you think Baseball rules literacy BRL is poor even among fans and worse among parents who are only at the ballpark because Johnny's too young to drive That's because baseball rule books are boring The Kill the Umpire Handbook 101 Questions You'd Like to Ask the Umpire is anything but Patrick Sullivan has umpired at every level of amateur baseball from T ball to college over the past forty something years He's heard a lot of talk on or from the far side of the backstop He learned his very first year long time to remember maybe even his very first game never to answer even one question or to try to shut down inaccurate talk While making his living in journalism and public relations he got a different idea How about an interesting even fun handbook A Q A based on actual conversations with fans away from the ballpark questions he's heard through the fence but had to ignore and fans he's heard talking to each other who sound as wise as owls but whose actual BRL isn't worth a hoot In the years since his first draft every single baseball call that generated controversy in media or online is something you would have already known the right and wrong of if you had read this book And yes you will get the Infield Fly Rule
