Un Lugar Inocente:

Inocencia Aurora Seldon, 2010 Inocentes Juan José Mateos, 2024-04-16 La ETA una organización terrorista sin parangón en Europa dejó un reguero de viudas huérfanos hermanos y amigas no solo desconsolados por unas muertes dramáticas sino vilipendiados por una sociedad cruel aterrorizada y en muchos casos cómplice que no supo o quiso mostrar el más elemental rasgo de piedad o empatía con unas víctimas cuyo único delito era su parentesco con quienes la organización terrorista había puesto en una diana antes de dispararles con un arma. Todos ellos son los inocentes de los que habla este libro único y brutal que quiere rendir sentido homenaje a los miles de compatriotas heridos por la metralla pero quizá no más por el desprecio de parte de una sociedad enferma y de un país acoquejado que además de no defender sus vidas no supieron consolar a sus familiares. Pese a los ríos de tinta vertidos para intentar contar los años salvajes de la reciente historia de España hasta ahora nunca se había abordado el fenómeno del día después como se hace en este libro. Tras la sangre vino el exilio del País Vasco o peor aún la permanencia en un territorio hostil que solo les ofreció ausencia de empatía desde incluso burlas. Inocentes. Las otras víctimas de la ETA relata la historia de unos héroes anónimos que resistieron y mantuvieron la dignidad de los muertos y de todos nosotros.

Vas a descubrir el inusual método de persuasión de uno de los vendedores más exitosos de internet para que tus clientes supliquen que les vendas tu producto incluso antes de saber que existe. El truco de influencia que Robert Kiyosaki usó en Padre Rico Padre Pobre para preparar a tu público de una forma encubierta a que compren tu oferta. La técnica psicológica y adictiva usada intencionalmente en series como Breaking Bad para crear una irresistible curiosidad que hará que las personas consuman todo tu contenido disparando así tus ventas. Un truco simple de un legendario copywriter para inyectar una urgencia casi obsesiva por comprar hasta los productos más ordinarios de la vida cotidiana. Una técnica emocionalmente poderosa que usó Donald Trump para ganar las elecciones presidenciales. Aquatic Environments Bieke Willem, Rebecca Seewald, 2025-07-27 From pre Columbian times till today human interventions in aquatic environments have been shaping the geopolitics of Latin America The contributors to this volume examine the relationship between water and politics in Latin America via readings of fiction and poetry by both renowned and upcoming writers Through close literary analysis they demonstrate how water functions as a medium for narrating submerged histories and for unsettling post colonial assumptions The volume reveals literary strategies that make it possible to share knowledge about other ways of organizing life in aquatic environments

Changes, Conflicts and Ideologies in Contemporary Hispanic Culture Teresa Fernandez Ulloa, 2014-06-02 This book is formed by various chapters studying the manner in which conflicts changes and ideologies appear in contemporary Hispanic discourses The contributions analyze a wide variety of topics related to the manner in which ideological and epistemological changes of the 19th 20th and 21st centuries are reflected in and shape Spanish language literature and other cultural expressions in both Spain and Latin America The 19th century was conducive to various movements of independence while in Europe radical changes of different types and in all contexts of life and knowledge occurred Language was certainly affected by these changes resulting in new terminology and discourse strategies Likewise new schools of thought such as idealism dialectic materialism nihilism and nationalism among others were established in addition to new literary movements such as romanticism evocative of revolution individualism and realism inspired by the social effects of capitalism Scientific and technological advances continued throughout the 20th century when the women's liberation movement consolidated The notion of globalization also appears simultaneously to various crises despotism wars genocide social exclusion and unemployment Together these trends give rise to a vindicating discourse that reaches large audiences via television The classic rhetoric undergoes some changes given the explicit suasion and the absence of delusion provided by other means of communication The 21st century is defined by the flood of information and the overpowering presence of mass communication so much so that the technological impact is clear in all realms of life From the linguistic viewpoint the appearance of anglicisms and technicalities mirrors the impact of post modernity There is

now a need to give coherence to a national discourse that both grasps the past and adapts itself to the new available resources with the purpose of conveying an effective and attractive message to a very large audience Discourse is swift since society does not seem to have time to think but instead seeks to maintain interest in a world filled with stimuli that in turn change constantly Emphasis has been switched to a search for historical images and moments that presumably explain present and future events It is also significant that all this restlessness is discussed and explained via new means such as the world wide web The change in communication habits e mail chats forums SMS and tools computers mobile phones that was initiated in the 20th century has had a net effect on the directness and swiftness of language
