Unattainable Earth:

Unattainable Earth, Czeslaw Milosz, 1987-09-21 Begun in the winter of 1955 and completed in the spring of 1956 Treatise on Poetry is a brilliant meditative poem fully expressive of the powers that have made Milosz one of our greatest writers Expertly translated the poem is divided into four parts Europe at the turn of the century the condition of Polish culture between the two world wars the harsh reality of World War II and the role of the poet in the postwar world Here Milosz addresses the failure of early 20th century Polish poetry With vast historical sweep and in language that enables readers to see as if in a flash of summer lighting Milosz offers a fascinating account of the mysterious art of poetry *The Great Prajna Paramita Sutra, Volume 2* Naichen Chen, 2018-03-09 Buddha taught The Great Prajna Paramita Sutra in sixteen assemblies in four locations over twenty two years It was recorded posthumously by his disciples in six hundred fascicles of approximately five million words and is regarded as the largest canon in Buddhism For the last decade translator Naichen Chen has worked on this sutra and it is the only complete English translation from the Chinese Da Bo Re Bo Luo Mi Duo Jing rendered from Sanskrit about 1 350 years ago by Xuanzang Hs an tsang This is the second volume in a multivolume set The Great Prajna Paramita Sutra is important not only because of its extensive teaching but because it explains what the great bodhisattva the great bodhisattva path of cultivation and the great bodhisattva vehicle are It depicts manifests and provides guidance on how one should learn to become a bodhisattva and eventually a Buddha transcending self interest to reach a state of emptiness selflessness and nonattachment Regardless of where you are on the path to enlightenment you will be nourished by its parables and dialogues *Beyond the Word* Sitakant Mahapatra, 1993 The essays in this anthology seek to look at the multiple gestures of tradition in relation to our own times and in some doing they have a relevance for the continuing debate on modern and post modern era **The Great Prajna Paramita Sutra, Volume 1** Naichen Chen, 2017-03-13 praj na transcendental wisdom pa ra mi ta ferrying over to the other shore perfection The Heart Sutra and the Diamond Sutra are essential reading for those who practice Buddhism Over the past thirteen centuries however the larger work to which they belong has been available only in Chinese Now for the first time English speakers can access the first twenty fascicles of The Great Prajna Paramita Sutra regarded as the largest canon in Buddhism The Great Prajna Paramita Sutra demonstrates how one can become a bodhisattva and eventually a Buddha transcending self interest to reach a state of emptiness selflessness and nonattachment Regardless of where you are on the path to enlightenment you ll be nourished by the parables and dialogues within **Lyric Poetry and Space Exploration from Einstein to the Present** Margaret Greaves, 2023-05-23 Poetry and astronomy often travel together in the political sphere from Milton s meeting with Galileo under house arrest to NASA s practice of launching poems into space Anchored in the post war period but drawing on a long history of poetry and science Lyric Poetry and Space Exploration from Einstein to the Present charts the surprising connection between poetry and extra terrestrial space In an era defined by the vast scales of globalization environmental disaster and space travel poets

bring the small scales of lyric intimacy to bear on cosmic immensity While outer space might seem the domain of more popular genres lyric poetry has ancient and enduring associations with cosmic inquiry that have made it central to post war space culture As the Cold War played out in space American institutions and media from NASA to Star Trek enlisted poetry to present space exploration as a peaceful mission on behalf of humankind Meanwhile poets from across the globe have turned to the cosmos to contest American imperialism challenging conventional ideas about lyric poetry in the process Poets including Elizabeth Bishop Adrienne Rich Seamus Heaney Derek Walcott Agha Shahid Ali and Tracy K Smith invoke the extra terrestrial to interrogate national histories alongside their craft Dazzled by the aesthetics of astronomy but wary of its imperial uses poets employ astronomical figures and methods to imagine how we might care for both ourselves and others on a shared planet
