Parker (USN-RETIRED),2026-02-26 When I was on active duty I would place funny jokes photos anecdotes funny sea stories and even short articles that sailors seemed to really enjoy and comment on on my office door I did it to try and bring a smile to someone s face improve morale and uplift my shipmates It became very popular and I started collecting them after I posted them daily Someone might tell me a joke or I might read it on the internet I might see it in a magazine and try to militarize it It became so popular my XO would post them in our shipboard newsletters and they really caught on Even though I was a lowly Lieutenant I became popular and began getting requests ordered to speak at certain command events because of my humor and abilities to laugh and make others laugh was

noticed and appreciated After retiring I decided to write a book and include many of the humorous insights jokes sea stories and lore about not just my beloved Navy but all the uniformed services I have attempted to do so and if I can bring a smile to some sailor jarhead grunt or guardsman then I have accomplished what I set out to do I hope you check it out and find it worthy [Crossing the Line](#) Glenn Rambo,2008 Crossing the Line by Glenn Rambo brings readers face to face with dangerous border crossers as they cross lines and cross loyalties In this non stop action thriller join a team of Border Volunteers as they fight for their lives and their country as illegal immigrants come to the US looking for a little more than just freedom US leaders and volunteers must pull together to form the ultimate alliance for a chance of survival As the stakes become higher friendships bond love blooms and individual faiths are tested in Crossing the Line **A Civilian's Guide to the U.S. Military** Barbara Schading, Richard Schading, Virginia Holeman,2006-12-22 Attention Learn more about your military now Does a corporal have to salute a lieutenant or is it the other way around What are forward deployed units Is an armored cow a type of tank or something soldiers eat Are Polaris missiles dropped from the air or launched from a submarine If someone calls you a Cat 4 should you be honored or offended Do you feel lost when it comes to all things military Sure you hear things on the news and maybe you know someone who is in the military but you probably have a hard time fully grasping the acronyms equipment and protocol they discuss That s where A Civilian s Guide to the U S Military can help Author Barbara Schading decodes all things military for you She discusses each branch Army Navy Marines Air Force and the Coast Guard in simple terms you can understand You ll get the background information an easy to read chart showing rank and insignia and an explanation of the organization of each branch In addition the book has extensive glossaries that cover terms acronyms slang and equipment You ll find an entire chapter that covers special operations forces like the Green Berets Force Recons Army Rangers and more You ll learn about their specific training missions and history The book also covers other important aspects of the military like flag and saluting etiquette military funerals the Tombs of the Unknown the American Legion USO Veterans of Foreign Wars and other groups military law military academies medals and decorations official military music an explanation of the Geneva Convention and a list of resources to help you find more information So the next time you read the paper or talk with a new recruit you don t have to feel lost Become a knowledgeable civilian with the help of A Civilian s Guide to the U S Military **Could You Push Me in the Toilet?** Michael Paul Heart CNA (Retired),2025-06-06 The retired author draws on more than forty years of personal experience to present a warmly human and sometimes hilarious mosaic of more than 325 anecdotal stories about the world of personal hands on health care The title is word for word a request by a particularly irritating and abrasive person who was so demanding no one wanted to interact with her The stories include the little old man who accidentally rolled down a large double hill in his wheelchair and got tossed into a bush at the bottom and said he didn t know what happened but said it was fun Along the way are strewn scathing comments about incompetence some useful details about caring for the elderly and threats by demented individuals

like the terminally ill shotgun man who told his innocent aide that as soon as he got out he would come back and blow his head off with a ten gauge shotgun There are jokes and the words of songs that were sung and the tender touches of genuine affection for the elderly the old and the dying and their expressions of appreciation for the care they were given Through it all there emerges a portrait of the unsung courage and compassion of individuals confronted with the responsibility and challenge of personally caring for the most vulnerable and helpless of our citizens in what has been called the front lines of health care
