The Outcome Trap Elena Sharp,2026-01-27 The Outcome Trap Why success is a terrible teacher of strategy attacks the fundamental flaw in how we evaluate leadership and choices Outcome Bias We tend to judge a decision based solely on its result If a CEO takes a reckless gamble and wins he is a genius If he loses he is a fool This book argues that the quality of a decision is independent of its outcome Strategist Elena Sharp explains that in a probabilistic world you can make a terrible decision and get lucky dumb luck or a perfect decision and lose bad beat Focusing only on results prevents learning because it reinforces bad habits that were rewarded by chance The Outcome Trap teaches readers to result proof their analysis It offers a framework for auditing the decision making process itself ensuring that you are betting with the odds not just celebrating a lucky roll of the dice
