Chicano and Chicana Literature Charles M. Tatum, 2022-07-26 The literary culture of the Spanish speaking Southwest has its origins in a harsh frontier environment marked by episodes of intense cultural conflict and much of the literature seeks to capture the epic experiences of conquest and settlement The Chicano literary canon has evolved rapidly over four centuries to become one of the most dynamic growing and vital parts of what we know as contemporary U S literature In this comprehensive examination of Chicano and Chicana literature Charles M Tatum brings a new and refreshing perspective to the ethnic identity of Mexican Americans From the earliest sixteenth century chronicles of the Spanish Period to the poetry and narrative fiction of the second half of the nineteenth century and the first half of the twentieth century and then to the flowering of all literary genres in the post Chicano Movement years Chicano a literature amply reflects the hopes and aspirations as well as the frustrations and disillusionments of an often marginalized population Exploring the work of Rudolfo Anaya Sandra Cisneros Luis Alberto Urrea and many more Tatum examines the important social historical and cultural contexts in which the writing evolved paying special attention to the Chicano Movement and the flourishing of literary texts during the 1960s and early 1970s Chapters provide an overview of the most important theoretical and critical approaches employed by scholars over the past forty years and survey the major trends and themes in contemporary autobiography memoir fiction and poetry The most complete and up to date introduction to Chicana o literature available this book will be an ideal reference for scholars of Hispanic and American literature Discussion questions and suggested reading included at the end of each chapter are especially suited for classroom use Understanding Contemporary Chicana Literature Deborah L. Madsen, 2000 Exploring the work of six notable authors this text reveals characteristic themes images and stylistic devices that make contemporary Chicana writing a vibrant and innovative part of a burgeoning Latina creativity

Approaches to Teaching Cabeza de Vaca's Account and Other Texts Luis Fernando Restrepo, Carlos A. Jáuregui, 2025-04-25 In 1527 Ivar N ez Cabeza de Vaca journeyed from Spain to Florida with the ill fated P nfilo de Narv ez expedition and ended up wandering by land for years with a small band of survivors before reaching Spanish outposts in modern day Mexico He later traveled to South America as an appointed provincial governor only to be sent back to Spain in chains some years after his arrival His written works describing his experiences provide insights into the lives of the indigenous peoples of the Americas and the attitudes of the Spanish conquistadores This volume provides background about the texts and discusses new ways to teach them challenging outdated readings that erase the violence of Spanish imperialism Essays examine the role of the enslaved African Esteban in Cabeza de Vaca s account of the North American expedition the indigenous and Spanish women who appear in the explorer s texts Cabeza de Vaca s performance of multiple gender roles

and the reception of these works as examples of Chicano or Latin American literature The volume also explores connections to archaeological findings and food studies *Historia* Louis Gerard Mendoza, 2001 The nature of ethnic identity has been a major issue in the Mexican American community for decades now *Historia* The Literary Making of Chicana and Chicano History makes a superb contribution to the multidisciplinary exploration of ways Mexican Americans have chosen to present their past through both factual and fictional narratives Whereas history has offered frameworks for interpreting generational changes in the understanding of identity literature has been particularly rich in exploring themes of power and domination and of intragroup complexities Louis Gerard Mendoza argues in this innovative look at historical and imaginative literatures and their role in the formation of ethnic identity Focusing on late twentieth century literature and history by American writers of Mexican descent Mendoza examines how style purpose and context function to facilitate or constrain the understanding of the past By juxtaposing the literary and the historical he provides new insight on culture agency and experience Mendoza accepts as his starting point the generational model posited by historian Mario Garcia then contrasts for each generation the nuances and contradictions offered by one or more Chicana or creative writers Other historians whose works are centrally considered include Juan Gomez Qui ones Rodolfo Alvarez Ricardo Romo David Montejano and Carlos Muñoz while the literary writers featured include Jovita Gonzalez Alejandro Morales Sara Estela Ramirez Teresa Paloma Acosta Oscar Zeta Acosta and Amrico Paredes Mendoza argues that history is the narrative battleground upon which literature is based the writing and rewriting of Chicano history thus becomes an important subtext of Chicana or literature However he contends that most Chicana or historical narratives are integrated uncritically into literary analysis to establish background resulting in the invocation of the histories as representations of the real Libraries Borderlands scholars and those interested in the broad issues of cultural studies will want to own Mendoza's innovative book which instead of insisting on the strict separation of the two genres of history and literature seeks ways to integrate them through the new critical analysis
