**RJ Alexander**

## **War Myth:**

*The War Myth in United States History* Charles Hunter Hamlin, 1927      *The Just War Myth* Andrew Fiala, 2007-12-07 As the war in Iraq continues and Americans debate the consequences of the war in Afghanistan the war on terror and the possibility of war with North Korea and Iran war is one of the biggest issues in public debate Andrew Fiala in *The Just War Myth* challenges the apparently predominant American sentiment that war can be easily justified Even most Democrats seem to hold that opinion despite the horrific costs of war both on the people being attacked or caught up in the chaos and on the Americans involved in carrying out the war *The Just War Myth* argues that while the just war theory is a good theory actual wars do not live up to its standards The book provides a genealogy of the just war idea and also turns a critical eye on current events including the idea of preemptive war the use of torture and the unreality of the Bush Doctrine Fiala warns that pacifism too can become mythological advocating skepticism about attempts to justify war      **The Great War** Dan Todman, 2014-03-04 The First World War with its mud and the slaughter of the trenches is often taken as the ultimate example of the futility of war Generals safe in their headquarters behind the lines sent millions of men to their deaths to gain a few hundred yards of ground Writers notably Siegfried Sassoon and Wilfred Owen provided unforgettable images of the idiocy and tragedy of the war Yet this vision of the war is at best a partial one the war only achieving its status as the worst of wars in the last thirty years At the time the war aroused emotions of pride and patriotism Not everyone involved remembered the war only for its miseries The generals were often highly professional and indeed won the war in 1918 In this original and challenging book Dan Todman shows views of the war have changed over the last ninety years and how a distorted image of it emerged and became dominant      *The War Myth in United States History* Charles Hunter Hamlin, 1954

War in Roman Myth and Legend Paul Chrystal, 2020-12-31 An enlightening look at the importance of war gods and their myths to the ancient Romans This book redresses the relative lack of work published on the role of war in classical myth and legend At the same time it debunks the popular view that the Romans had little mythology of their own and idly borrowed and adapted Greek myth to suit their own ends While this is true to some extent *War in Roman Myth and Legend* clearly demonstrates a rich and meaningful independent mythology at work in Roman culture The book opens by addressing how the Romans did adopt and adapt Greek myths to fashion the beginnings of Roman history it goes on to discuss the Roman gods of war and the ubiquity of war in Roman society and politics and how this was reflected in the Aeneas Foundation Myth the Romulus and Remus Foundation Myth and the legends associated with the founding of Rome Also discussed are warlike women in Roman epic Trojan heroes and the use of mythology by Roman poets other than Virgil The Theban Legion and the vision of Constantine myths conclude the journey      *The War Myth in United States History* Charles Hunter Hamlin, 1927

**The Myth Of Victory** Richard W Hobbs, 2019-06-10 Richard Hobbs examines one of society's greatest problems the need for reconciliation between the democratic dislike of war and the appropriate use of the military instrument in world politics

He questions whether the results obtained in war are worth the expenditures made and contends that victory gained from total war war pushed to its outer li

**War in Greek Mythology** Paul Chrystal,2020-09-30 A study of the Greek mythological wars between Olympians Titans giants centaurs lapiths and humans and their significant influence on later cultures Even though war and conflict generally feature prominently in Greek mythology comparatively little has been written on the subject This is surprising because wars and battles in Greek mythology are freighted with symbolism and laden with meaning and significance historical political social and cultural The gods and goddesses of war are prominent members of the Greek pantheon the battles fought by and between Olympians Titans giants and Amazons between centaurs and lapiths were pivotal in Greek civilization The Trojan War itself had huge and far reaching consequences for subsequent Greek culture The ubiquity of war themes in the Greek myths reflects the prominence of war in everyday Greek life and society which makes the relative obscurity of published literature all the more puzzling This book redresses this by showing how conflict in mythology and legend resonated loudly as essential existentialist even symbols in Greek culture and how they are represented in classical literature philosophy religion feminism art statuary ceramics architecture numismatics etymology astronomy even vulcanology Praise for War in Greek Mythology An excellent study of the more military of the Greek myths telling the stories while also acknowledging the many different versions of so many of them and also the varying attitudes of the ancient Greeks to these stories History of War

The war myth in United States history C. H. Hamlin,2025-03-02 In The War Myth in United States History C H Hamlin meticulously deconstructs the narrative of war as a foundational myth within American culture exploring its implications on national identity and values Utilizing a blend of historiography and critical theory Hamlin examines various conflicts through the lens of cultural memory and collective myth making revealing how such narratives have shaped political discourse and societal expectations The book is notable for its interdisciplinary approach drawing from history sociology and literary studies to provide a comprehensive analysis of how war has been revered romanticized and utilized as a tool for nation building in the United States C H Hamlin a distinguished historian with a profound interest in the socio political dimensions of American history brings a wealth of knowledge from his previous works that interrogate the intersections between war myth and identity His background in both historical research and cultural criticism has equipped Hamlin with a unique perspective that challenges readers to reconsider accepted narratives about the American experience His deep engagement with historical texts and contemporary critiques informs this vital exploration of how war myths have persisted through generations This book is essential for readers interested in American history cultural studies and the complexities of national narratives Hamlin s insightful analysis encourages a critical examination of the myths surrounding war and their impact on contemporary society By unraveling the threads of these narratives readers are invited to reflect on the true cost of such myths and their pervasive influence on national culture

The War Myth in United States History. With Introd. by Ch. F. Dole Charles H. Hamlin,Ch. F. Dole,1927 Myth of the

Good War Jacques R. Pauwels, 2000      *Secrets of Warfare* William Weir, 2011-08-15 From the battles of Ancient Greece and Rome to WWII and Vietnam this volume uncovers the surprising truth behind the history of war Many are familiar the first Civil War battle between the ironclad warships the Monitor and the Merrimac but few have heard about the airship that Dr Solomon Andrews offered to Abraham Lincoln during the Civil War *Secrets of Warfare* exposes the hidden history of human combat exposing many of myths that have kept the public misinformed about warfare Some myths are the result of deliberate misrepresentation while others persist through ignorance or bigotry In *Secrets of Warfare* historian William Weir sets the record straight on a number of topics including The alleged superiority of Western nations in the ancient world The myth of the English longbow The introduction of submarines to warfare prior to World War I The deadliest American air raids of World War II The supposed attack on U S destroyers in the Gulf of Tonkin      *The Myth of the Great War* John Mosier, 2011-03-29 A compelling and novel reassessment of World War I military history Kirkus Reviews There is much in the work I really admire not least its brilliant recasting of the traditional military narrative Niall Ferguson author of *The Pity of War* Based on previously unused French and German sources this challenging and controversial new analysis of the war on the Western front from 1914 to 1918 reveals how and why the Germans won the major battles with one half to one third fewer casualties than the Allies and how American troops in 1918 saved the Allies from defeat and a negotiated peace with the Germans The author knows his military history strategy and tactics Packed with evidence much of it ingeniously obtained and argued Washington Post Students of military history love to argue and John Mosier gives them much to argue about From armaments and tactics to strategy and politics he challenges conventional wisdom and forces a rethinking of the war that inaugurated the modern era H W Brands author of *The First American* and *TR The Last Romantic* This is revisionist history that convincingly smashes the myths that Allied governments leaders and propagandists worked so hard to promulgate A masterful account Booklist      **The WAR and MYTH** Oleksandr Zinchenko, Volodymyr Viatrovysh, Maksym Maiorov, 2018 This book in no way claims an ultimate truth and a standard of knowledge of the World War II and the list of these myths is not exhaustive It is just historical fast food its appearance caused by the acute desire to satisfy the hunger for information about this period in terms of the information war      Greek Warfare Hans van Wees, 2004-08-19 This text on Greek warfare ranges from the concrete details of conducting raids battles and sieges to more theoretical questions about the causes costs and consequences of warfare in archaic and classical Greece      **The Complete Idiot's Guide to World Mythology** Evans Lansing Smith, Nathan Robert Brown, 2008 The dictionary defines mythology as a collection of ancient tales handed down over millennia mainly dealing with gods and goddesses that explains the way the world works from natural events to society at large Many people think of the deities of Greece and Rome when they think of mythology forgetting that almost every culture has its own set of myths to interpret and explain its distinct worldview often showing striking and fascinating similarities to the classical myths most people are familiar with *The Complete Idiot's Guide to World*

Mythology explores the gods and goddesses heroes and heroines monsters and angels of the myths from every corner of the globe the Americas the Middle East and Africa Asia and more Additionally it explores the parallels between every culture including Greece and Rome striking similarities in mythic figures and the structure action wording and result of the stories themselves *The Myth of the Good War* Jacques R. Pauwels, 2015-03-06 In the spirit of historians Howard Zinn Gwynne Dyer and Noam Chomsky Jacques Pauwels focuses on the big picture Like them he seeks to find the real reasons for the actions of great powers and great leaders Familiar Second World War figures from Adolf Hitler to Franklin D Roosevelt and Joseph Stalin are portrayed in a new light in this book The decisions of Hitler and his Nazi government to go to war were not those of madmen Britain and the US were not allies fighting shoulder to shoulder with no motive except ridding the world of the evils of Nazism In Pauwels account the actions of the United States during the war years were heavily influenced by American corporations IBM GM Ford ITT and Standard Oil of New Jersey now called Exxon who were having a very profitable war selling oil armaments and equipment to both sides with money gushing everywhere Rather than analyzing Pearl Harbor as an unprovoked attack Pauwels notes that US generals boasted of their success in goading Japan into a war the Americans badly wanted One chilling account describes why President Truman insisted on using nuclear bombs against Japan when there was no military need to do so Another reveals that Churchill instructed his bombers to flatten Dresden and kill thousands when the war was already won to demonstrate British American strength to Stalin Leaders usually cast in a heroic mould in other books about this war look quite different here Nations that claimed a higher purpose in going to war are shown to have had far less idealistic motives The Second World War as Jacques Pauwels tells it was a good war only in myth The reality is far messier and far more revealing of the evils that come from conflicts between great powers and great leaders seeking to enrich their countries and dominate the world *Roman Mythology. Mars the Roman god of war* David Onditi, 2020-03-24 Essay from the year 2019 in the subject History of Europe Middle Ages Early Modern Age grade A University of Nairobi language English abstract In the daily lives of the Romans religion played an important role It helped the citizens of Rome to make sense of the bad and good things that happened to them When a good thing happened such as a good harvest or victory in battle the Romans believed that was a sign of approval or help from the gods The Romans worshiped a council of 12 gods known as the Dii Consentes made up of six goddesses and six gods amongst them god Mars Roman god of war Mars was second in power only to Jupiter the sun god in the Roman pantheon The myth of Mars was mostly borrowed from Ares the Greek war god However Mars was significantly different from Ares due to the unique Roman features that Mars had Mars was considered to be more level headed as compared to Ares who has disruptive and impulsive Mars was also more virtuous as compared to the Ares The Romans held significant warfare festivals in honor of Mars Propaganda and Myth in Time of War Charles Hunter Hamlin, 1973 **The Myth of the Lost Cause and Civil War History** Gary W. Gallagher, Alan T. Nolan, 2000-11-22 A well reasoned and timely Booklist essay collection interrogates the

Lost Cause myth in Civil War historiography Was the Confederacy doomed from the start in its struggle against the superior might of the Union Did its forces fight heroically against all odds for the cause of states rights In reality these suggestions are an elaborate and intentional effort on the part of Southerners to rationalize the secession and the war itself Unfortunately skillful propagandists have been so successful in promoting this romanticized view that the Lost Cause has assumed a life of its own Misrepresenting the war s true origins and its actual course the myth of the Lost Cause distorts our national memory In *The Myth of the Lost Cause and Civil War History* nine historians describe and analyze the Lost Cause identifying ways in which it falsifies history creating a volume that makes a significant contribution to Civil War historiography The Lost Cause is a tangible and influential phenomenon in American culture and this book provides an excellent source for anyone seeking to explore its various dimensions *Southern Historian*

Recognizing the pretentiousness ways to get this book **War Myth** is additionally useful. You have remained in right site to start getting this info. acquire the War Myth associate that we meet the expense of here and check out the link.

You could buy lead War Myth or acquire it as soon as feasible. You could speedily download this War Myth after getting deal. ## **War Myth Introduction**

In the digital age, access to information has become easier than ever before. The ability to download War Myth has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download War Myth has opened up a world of possibilities. Downloading War Myth provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading War Myth has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download War Myth. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading War Myth. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading War Myth, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download War Myth has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading

practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About War Myth Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. War Myth is one of the best book in our library for free trial. We provide copy of War Myth in digital format, so the resources that you find are reliable. There are also many Ebooks of related with War Myth. Where to download War Myth online for free? Are you looking for War Myth PDF? This is definitely going to save you time and cash in something you should think about.
