## War Of Words:

**The War of Words** Anthony Burke, Kyle Jensen, Jack Selzer, 2018-11-13 When Kenneth Burke conceived his celebrated Motivorum project in the 1940s and 1950s he envisioned it in three parts Whereas the third part A Symbolic of Motives was never finished A Grammar of Motives 1945 and A Rhetoric of Motives 1950 have become canonical theoretical documents A Rhetoric of Motives was originally intended to be a two part book Here at last is the second volume the until now unpublished War of Words where Burke brilliantly exposes the rhetorical devices that sponsor war in the name of peace Discouraging militarism during the Cold War even as it catalogues belligerent persuasive strategies and tactics that remain in use today The War of Words reveals how popular news media outlets can wittingly or not foment international tensions and armaments during tumultuous political periods This authoritative edition includes an introduction from the editors explaining the compositional history and cultural contexts of both The War of Words and A Rhetoric of Motives The War of Words illuminates the study of modern rhetoric even as it deepens our understanding of post World War II politics

**Writing a War of Words** Lynda Mugglestone, 2021 Writing a War of Words is the first investigation of a valuable archive of war time notebooks documenting changes to the English language on the Home Front Using unconventional sources it explores the effect of war on the language of ordinary people and reflects on the role of language as an interdisciplinary lens on history

A War of Words in the Discourse of Trade Philip Eubanks, 2000 Trade as War is the case study of a conceptual metaphor one that underlies specific and expressed metaphors that Eubanks English Northern Illinois U uses to argue that the conceptual metaphor view combined with an understanding of metaphor as rhetorically constituted makes obsolete almost all the assumptions that have previously guided metaphor study from handbooks of advice to cognitive science Annotation copyrighted by Book News Inc Portland OR

**War of Words** Danielle S. Sremac, 1999-10-30 Sremac argues that there is a process and ideology that guides Washington in the post Cold War era and any special interest group that understands how Washington works can put forth a message that appeals to the media and the U S foreign policymaking establishment The Yugoslav conflict was one of the first and most important examples of how certain foreign interest groups and their supporters in the United States were able to

tap into this system and play out a war of words in Washington that greatly influenced U S actions in the Balkan region Sremac goes behind the rhetoric and propaganda to reveal how Yugoslavia s Bosnian Muslim Croat and Albanian ethnic factions sought to win the heart of Washington and draw U S military intervention to help them fight a war against their foe the Serbs The U S media was more than willing to promote the cause of these warring parties and as a result had a profound influence on Washington s view of Yugoslav ethnic clashes The author offers a penetrating look at how media generated images of Yugoslav ethnic conflicts from 1991 to 1999 hindered Washington s ability to understand the region s complex problems and made U S foreign policy a reflection of sound bites rather than sound reasoning A controversial look at Washington the media and the Balkans this book will be of interest to all concerned individuals scholars and others who want to gain a behind the scenes understanding of what really happened in the Yugoslav conflict and explore more alarming trends in Washington that continue to encourage U S interventionism in ethnic conflicts today
