## **Warfare State:**

Warfare State James T. Sparrow, 2011-05-01 Although common wisdom and much scholarship assume that big government gained its foothold in the United States under the auspices of the New Deal during the Great Depression in fact it was the Second World War that accomplished this feat Indeed as the federal government mobilized for war it grew tenfold quickly dwarfing the New Deal's welfare programs Warfare State shows how the federal government vastly expanded its influence over American society during World War II Equally important it looks at how and why Americans adapted to this expansion of authority Through mass participation in military service war work rationing price control income taxation and the war bond program ordinary Americans learned to live with the warfare state They accepted these new obligations because the government encouraged all citizens to think of themselves as personally connected to the battle front linking their every action to the fate of the combat soldier As they worked for the American Soldier Americans habituated themselves to the authority of the government Citizens made their own counter claims on the state particularly in the case of industrial workers women African Americans and most of all the soldiers Their demands for fuller citizenship offer important insights into the relationship between citizen morale the uses of patriotism and the legitimacy of the state in wartime World War II forged a new bond between citizens nation and government Warfare State tells the story of this dramatic transformation in American life

Origins of the Warfare State Carl Boggs, 2016-08-12 The post World War II emergence of a full blown state of perpetual war is arguably the most important feature of contemporary American politics This book examines the warfare state in terms of a broad ensemble of structures policies and ideologies permanent war economy national security state global expansion of military bases merger of state corporate and military power an imperial presidency the nuclear establishment and superpower ambitions Carl Boggs makes the argument that the Good War led to an authoritarian system that has expanded throughout the post war decades undermining liberal democratic institutions and values in the process He goes on to suggest that current American electoral politics show no sign of rolling back the warfare state and in fact may push it to a new threshold bordering on American fascism

Warfare, State and Society on the Black Sea Steppe, 1500-1700 Brian Davies, 2014-04-04 This crucial period in Russia's history has up until now been neglected by historians but here Brian L Davies study provides an essential insight into the emergence of Russia as a great power For nearly three centuries Russia vied with the Crimean Khanate the Polish Lithuanian Commonwealth and the Ottoman Empire for mastery of the Ukraine and the fertile steppes above the Black Sea a region of great strategic and economic importance arguably the pivot of Eurasia at the time The long campaign took a great toll upon Russia's population economy and institutions and repeatedly frustrated or redefined Russian military and diplomatic projects in the West The struggle was every bit as important as Russia's wars in northern and central Europe for driving the Russian state building process forcing military reform and shaping Russia's visions of Empire

**Origins of the Warfare State** Carl Boggs, 2016-08-12 The post World

War II emergence of a full blown state of perpetual war is arguably the most important feature of contemporary American politics This book examines the warfare state in terms of a broad ensemble of structures policies and ideologies permanent war economy national security state global expansion of military bases merger of state corporate and military power an imperial presidency the nuclear establishment and superpower ambitions Carl Boggs makes the argument that the Good War led to an authoritarian system that has expanded throughout the post war decades undermining liberal democratic institutions and values in the process He goes on to suggest that current American electoral politics show no sign of rolling back the warfare state and in fact may push it to a new threshold bordering on American fascism **Army Review**, 1912

**Annual Report of the Industrial Commissioner** New York (State). Department of Labor, 1922 *The War of the Rebellion* United States. War Department, 1886 Official records produced by the armies of the United States and the Confederacy and the executive branches of their respective governments concerning the military operations of the Civil War and prisoners of war or prisoners of state Also annual reports of military departments calls for troops correspondence between national and state governments correspondence between Union and Confederate officials The final volume includes a synopsis general index special index for various military divisions and background information on how these documents were collected and published Accompanied by an atlas **Our War Too** Margaret Paton-Walsh, 2002 In the late 1930s a number of American women especially those allied with various peace and isolationist groups protested against the nation's entry into World War II While their story is fairly well known Margaret Paton Walsh reveals a far less familiar story of women who fervently felt that American intervention was absolutely necessary Paton Walsh recounts how the United States became involved in the war but does so through the eyes of American women who faced it as a necessary evil Covering the period between 1935 and 1941 she examines how these women functioned as political actors even though they were excluded from positions of power through activism in women's organizations informal women's networks and even male dominated lobbying groups In the Great Debate over whether America should enter the war some women favored aid to the Allies not because they hoped for war but because they hoped aid would forestall more direct U S involvement but also because they believed war was preferable to a Nazi victory Paton Walsh shows that this activism involved some of the most prominent women of their day Elizabeth Cutter Morrow whose son in law Charles Lindbergh was an isolationist spokesman supported the revision of the Neutrality Acts to allow the sale of arms to the Allies and expressed her support in a national radio broadcast Soon other women joined this debate Esther Brunauer of the AAUW journalist Dorothy Thompson and organizations like the League of Women Voters and National Women's Trade Union League broke from the pacifist tradition to advocate American aid for the Allied cause Focusing on the conflict in Europe Paton Walsh shows how these women grasped the implications of the Lend Lease program for America's entry into the war but supported it nevertheless By late 1941 the Women's Division of the Fight for Freedom Committee had been established no longer merely advocating aid to Britain to keep American boys out

of battle this organization supported direct American involvement in the war as a means of stopping Nazi oppression While most historians have focused on women s pacifism Paton Walsh connects women more directly to world events and shows how those interventionists reformulated maternalist ideas to justify and explain their beliefs Our War Too is a story of American women trying to reconcile the irreconcilable to preserve both their principles and their peace It expands our understanding of women as political actors and thinkers about foreign policy as it sheds new light on American public opinion over the build up to the war *Dictionary Catalogue of the Illinois State Library* Illinois State Library,1912

*Subject Index of the Modern Books Acquired by the British Museum in the Years 1916-1920* British Museum. Department of Printed Books,1922 **Report** Oregon. Office of the Secretary of State,1891 1897 98 Jan 1 1899 includes an appendix containing the names of all officers of the territory and state of Oregon from 1823 to 1899 by H R Kincaid *Locomotive Engineers Journal* ,1928 **Annual Report of the Attorney General** Virginia. Office of the Attorney General,1919 **The Parliamentary Debates** Great Britain. Parliament,1907 **Cases on American Constitutional Law** Lawrence Boyd Evans,1898 **The Fortnightly Review** ,1907 **The Independent** ,1916 **American Municipalities** John MacVicar, Frank G. Pierce,1918 **The Ordinance Making Powers of the President of the United States** James Hart,1925 **An Analysis of Kent's Commentaries** Frederick Stoeber Dickson,1875
