Gary W. Babb,2006-03-01 Earth is Ours is a fresh and uniquely original story line that bridges many genres It is a story of a symbiotic relationship between a self aware female computer and an American Indian man dying of old age This is a forced relationship dictated by mutual needs for survival in a world stripped of technology by aliens The main characters begin the fight of their lives but before they can fight the fierce aliens Levi and Amy must fight for control of who they will be jointly What begins as conflict of minds develops into tolerance then cooperation and finally love This love of total oneness creates a unity of incredible power and strength that provides the means to fight the aliens Female brains and male brawn unite to battle against incredible odds for the survival of the human race The conflict of minds action adventure and suspense are all interlaced into a compelling and fast paced adventure The characters are three dimensional with real emotions not always perfect but always interacting The story is presented from

differing viewpoints with the two main characters expressing some of the same events from both a male and female perspective As they interface the events are often seen from conflicting emotions and motivations sometimes cynical and often humorous It is the ultimate struggle of male versus female while combating monstrous aliens As expected this action story has a strong appeal to men while the romance aspect compliments the story expanding the appeal to women Additionally one of the main characters is Amy a particularly brilliant and forceful female who demands attention from both sexes Her male counterpart is very physical and masculine representing everything Amy is not Both characters and sexes are presented in a positive although conflicting way at times These characters and the story are strong and their saga continues in its sequel Target Earth

Babb,2024-09-25 Target Earth is the continuing saga and greatly anticipated sequel of the award winning book Earth is Ours Best Fantasy SciFi 2005 from the prestigious San Diego Book Awards Association The beloved characters developed in the original story evolve and begin an exciting new adventure as they defy monstrous invading aliens dedicated to the total destruction of the human race Amy is a self aware female computer whose only connection to the outside world is through a telepathic link Levi was a dying elderly Indian man who is rejuvenated through this telepathic connection with Amy It is a story of this forced symbiotic relationship dictated by mutual needs for their

survival in a world stripped of technology Although they have separate and individual minds they must co exist in Levi s augmented body sharing differing emotions and motivations while simultaneously battling the enemy Female brains and male brawn must unite as one in love and power to create a new entity to lead the fight against the aliens They are aided in this war by human armies and rescued alien slaves but they are still vastly outnumbered in this conflict These affable aliens will touch your heart with their loyalty and action while the enemy will rouse your rage and fear This is truly a Good versus Evil tale but does good always win The male versus female conflict of minds emotions and motivations remain a large portion of the story as it unfolds from both viewpoints The struggle continues against formidable invaders led by an awe inspiring supreme leader In this fast paced and compelling adventure battles wage across the California and Arizona deserts These unique characters and the riveting story are strong and their saga continues into the third book of this series Earth s Dragons **H.O.
