Becoming a Millionaire, *Interpreting Residential Life* James S. Atherton, 2023-10-13 First published in 1989 Interpreting Residential Life raises questions like a what makes residential establishments tick b what is going on beneath the surface of the daily routine c why is change so difficult to create and even more difficult to sustain and d how can

residential social workers evaluate their work James Atherton provides a set of tools to enable residential workers to answer these questions in their own establishments Simply and directly he provides a framework which shows how policy and practice relate to each other and reinforce or hinder each other in crises as well as in routines He examines the whole residential establishment as a social system concentrating on daily life within it and demonstrating how values are implicit in all aspects of practice He draws on the experiences of residential staff at all levels to uncover the working myths and offers ways of understanding how establishments function and indicates the pathways to change This is an essential read for students of social work and sociology

The Antichrist legend, Engl. with a prologue on the Babylonian dragon myth by A.H. Keane Johann Franz Wilhelm Bousset,1896 Deliver Us from Evil Richard H. Bell,2007 My initial goal was to write a book on the defeat of Satan in New Testament theology covering all the witnesses of the New Testament using a title such as falling like lightning But it became evident that although the defeat of Satan is central to the exorcisms of the synoptic gospels many authors of the New Testament simply do not speak explicitly about a defeat of Satan For example Paul Ephesians and Colossians if they explicitly speak of the devil or allude to him speak instead of nbeing redeemed from the dominion of Satan I therefore moved more in the direction of considering how the human being is redeemed from the effects of Satan Preface **A Dictionary of Greek and Roman Biography and Mythology** William Smith,1872 **Heidegger & the Political** Miguel de Beistegui,1998 Opening with a sensitive discussion of the controversy of the Heidegger affair Miguel de Beistegui examines key themes in Heidegger s philosophy linking this throughout with the more political public Heidegger

workaholics describe their childhood pain and the lifelong legacies they still carry and the spouses or partners of workaholics reveal the isolation and loneliness of their vacant relationships Employers and business colleagues discuss the cost to the company when workaholism dominates the workplace Chained to the Desk both counsels and consoles It provides a step by step guide to help readers spot workaholism understand it and recover Robinson presents strategies for workaholics and their loved ones on how to cope and for people in the workplace on how to distinguish between work efficiency and workaholism
