**R Barnett**

## **Work And Welfare Go Together:**

**Work and Welfare Go Together** Sar A. Levitan, Martin Rein, David Marwick, 1972 Study of public social security and welfare programmes in the USA with particular reference to the role of government policy in providing incentives to enable welfare recipients to seek employment covers financial aspects and administrative aspects of the anti poverty programme vocational training programmes and subsequent income of participants the woman worker child care tax incentives etc Statistical tables

**Income Inequality and Employment** Mary Fish, 1978 This study specifically describes and analyzes the process by which poverty stricken individuals and families move out of the poverty group from welfare to low wage employment and finally to a level above poverty or even the middle income category It is a synthesis analysis of over 50 Research and Development R D projects sponsored by the Employment and Training Administration ETA on the subjects of income and employment In addition selected contributions from other sources are included in order to clarify or supplement the treatment of the basic issues Several of these contributions have examined how individuals on welfare become gainfully employed and once employed move into jobs with wages adequate to raise their standard of living above the poverty level Findings of these R D projects when examined as a body of cumulative knowledge can be used as a framework for developing effective policies and techniques for the various employment and training programs focused on the economically disadvantaged
