Volume I](#) Erika Notti, Edoardo Scarpanti, 2018-03-22 The present book is intended to represent the first volume of a long series which will be devoted to collect studies proceedings and papers in the field of Humanities The title Mantua Humanistic Studies reminds us to a historical town in northern Italy Mantua that had been for a long time the capital of one of the most powerful and culturally influencing dynasties of the Renaissance the Gonzaga family Mantua has an extraordinary richness in terms of history arts and tradition of studies and is now one of the main Unesco Heritage sites Among the artists who have left their masterworks in the city we can find Pisanello Andrea Mantegna Leon Battista Alberti Giulio Romano Rubens Titian and many others Even if in the time of the Gonzagas the city had a strong history of humanistic studies mainly established by the great teacher Vittorino Da Feltre during the following centuries Mantua gradually lost great part of its cultural influence especially after the end of the

leading dynasty at the beginning of the 18th Century Maybe the only real exception was the renowned Accademia Nazionale Virgiliana Nevertheless in very recent years some Italian Academic Institutions and Universities have rediscovered the cultural importance of the town and they moved here with some of their Bachelor and Master degrees the Politecnico of Milano the University of Verona and in 2018 the University of Modena and Reggio Emilia More and more students are moving into our old city every year and the future could really be bright in the terms of culture teaching and research Mantua Humanistic Studies would like to be a small but maybe not useless contribution to what could be a second Renaissance for the capital of the Gonzagas offered by a small but active Scientific Publishing House which was born and still operates in this small but incredible town
